

# WEATHER FORECAST

For 24 hours ending 5 p. m., Friday:  
Victoria and vicinity—Light to moderate winds, generally fair and warmer.

VOL. 68 NO. 137

## CUSTOMS HAVE EYES ON PLAN TO EVADE LAW

Doubt as to Genuineness of Clearance Papers of Liquor Vessels Investigated

Assertion Customs Men Know False Documents Passed, Is Challenged

Commenting on a statement as to false clearance papers made in public by Col. Ned M. Green, Federal Prohibition administrator at San Francisco, today Fred A. Davey, Collector of Customs for the port of Victoria, to-day said:

"If there is a doubt as to the genuineness of any document in regard to vessels purporting to clear for Mexico and suspected of landing cargoes at any other place, the matter is referred at once to the Federal Department at Ottawa. I may say that the whole question is now under review by the Federal authorities and an investigation is being made into these and similar statements to which our attention has been drawn."

G. A. Allen, collector of Customs at Vancouver, according to a telegraphic dispatch, stated: "The question of whether these clearance papers are genuine or not is under investigation by my department at the present time."

## HOUSEBOAT BOY WAS DROWNED

Alert Bay, B.C., June 10.—While playing with his younger brother on the houseboat on Seymour Inlet on the British Columbia mainland, Gordon Melan, three years old, fell from the boat and was drowned. John Melan, the child's father, after an unsuccessful appeal by radio for assistance from the Church of England missionary coasting vessel Columbia, left in his launch, with a cormorant on board, to search for the boy. While crossing Queen Charlotte Sound heavy seas were encountered and the launch was driven ashore and overturned, but the little craft eventually arrived here, where the funeral was held.

## SHIFTING OF CARGO TO BE INVESTIGATED

Port Warden of Vancouver Secures Inquiry Into S. Polerio's Accident

Vancouver, June 10.—Mr. Justice Morison, as a royal commissioner, this month will inquire into the death of Capt. J. P. Polerio, port warden of Vancouver, and the wheat steamer ship Polerio. This investigation has been urged by Capt. Tait and his advisers since the port warden was suspended last Christmas, and Capt. Tait to-day expressed satisfaction that the matter would be cleared up.

Delay in commencing the investigation, according to Ottawa, was occasioned by the hope that the freighter would return to a Canadian port, but she has not done so.

## DOUGLIS TO ATTEND

Charles Douglass, naval architect for the Department of Marine, Ottawa, is now attending an international conference in Washington, but will return to Ottawa next week. He will then come to Vancouver to act as marine adviser to the royal commissioner during the inquiry.

The Polerio arrived in Vancouver October 24, 1925, to load wheat. She sailed November 4. On November 8 a wireless message reported her returning in distress. On November 9 she reported she was in the Strait of Juan de Fuca. On November 12 she arrived in Victoria in tow of the steamship Salvage King.

Off the coast the Polerio ran into bad weather, her cargo shifted and she nearly turned turtle. She was saved only by the energy of her crew and the courage of her officers. In Victoria her cargo was re-stowed and she proceeded to sea November 23, bound for Shanghai.

## DRUGGISTS RE-ELECT BERT H. AARONSON

Victoria Citizen Continues as President of B.C. Pharmaceutical Association

Vancouver, June 10.—Bert H. Aaronson of Victoria was re-elected president of the Pharmaceutical Association of British Columbia at its annual meeting here last evening.

R. E. Harrison of Llanelli, Alberta, president of the Canadian Pharmaceutical Association, addressed the meeting, which later passed a resolution urging the Dominion body to hold its next convention in Vancouver. The 1926 convention is to be held at Montreal in August.

The council was instructed to proceed with negotiations to affiliate with the University of British Columbia, so the course in pharmacy might be given as a department of the university's activities.

## WESTERN BERRY TO REIGN SUPREME ON CANADIAN TABLES

Prairie Dealers to Halt Missouri Importations Altogether After To-day

Dumping Duty and Co-operation of Trade Gives Western Growers Entire Market

Prairie people will eat British Columbia strawberries exclusively from now until the end of the berry season. This is assured by two developments in the marketing situation during the last twenty-four hours—the imposition of a dumping duty on United States berries and the decision of prairie dealers to handle fruit from this Coast exclusively.

Local growers were informed last night that after to-day prairie fruit men will not import any more Missouri and Arkansas berries, but will concentrate on the sale of shipments from here. This and the imposition of a dumping duty will in effect bar the United States fruit from the Canadian market and as a result, the demand for Gordon Head berries will be keen in every part of the prairie.

**SAVES MUCH MONEY**

This satisfactory turn in the market situation will save Vancouver Island growers from \$20,000 to \$30,000, it was stated by leaders of the berry industry to-day. With the dumping duty on strawberries from the United States and the Missouri crop coming on later than in past years, shipments from the two places came into direct competition on the prairie. The result threatened to cause a sagging in the berry market and a consequent loss to the B.C. growers.

John Melan, the child's father, after an unsuccessful appeal by radio for assistance from the Church of England missionary coasting vessel Columbia, left in his launch, with a cormorant on board, to search for the boy. While crossing Queen Charlotte Sound heavy seas were encountered and the launch was driven ashore and overturned, but the little craft eventually arrived here, where the funeral was held.

**OZARK GROWERS NOT EXCITED**

Springfield, Mo., June 10.—The announcement that the Canadian Government had placed an import duty of fifty cents a case on strawberries from the Ozark region caused no excitement at the headquarters of the Ozark Fruit Growers' Association in Springfield.

"There has already been a high duty on Ozark berries going into Canada," Mr. Eastbridge stated. "There is no use to become excited over raising the ante a little. As I understand it, the duty is about 40 cents over forty cents for the entire season."

Between forty and fifty cars of Ozark berries have been sold to Canadian buyers at the strawberry auctions held at Monetta to date this season.

"The true Ozark berries have been sold for less than the home-grown berries in Canada, and from present indications the high duty will not stop Ozark berries from entering Canada," said Mr. Eastbridge.

The Ozark berry harvesting season will be practically finished this week. Approximately 1,400 cars of Ozark berries have been sold through the Monetta auctions so far.

## ROYAL CITY CHINESE BURNED TO DEATH

Twenty-four Orientals Escaped From New Westminster Building

New Westminster, June 10.—Trapped in the second story when fire swept through a boarding house kept for Chinese mill employees adjacent to the Brunette Lumber Company plant here, Yung Sang, thirty, was burned to death early to-day. Of four other Chinese inmates, Leo Chung, thirty-five, is not expected to live.

The frame building, which was totally destroyed, was valued at approximately \$5,000. The large mill nearby was not endangered.

A thrill went through the watching group of men when Yung Sang suddenly appeared at a second story window through which most of the occupants of the building had escaped. His clothing aflame and pressed on by roaring flames behind, he collapsed and a few minutes later the floor gave way.

The charred remains were later found in the ruins.

Wong Chung, forty, is among those in hospital, with internal injuries received when he jumped forty feet to the ground.

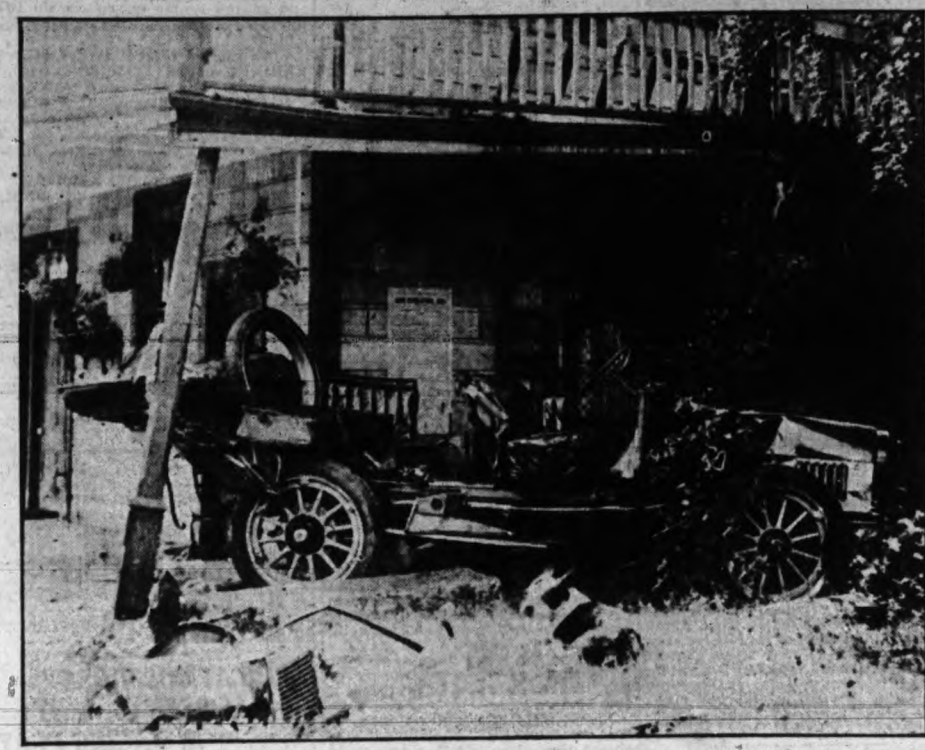

The fire started at 12.25 a.m. and spread with great rapidity, the building having previously been used as a turpentine works. Twenty-five Chinese were asleep in the building at the time. All Yung Sang plunged through the smoke and flames and escaped.

## R. AMMERMAN NEW KIWANIS LEADER

Scranton Man Elected International President; Memphis Chosen For 1927 Meeting

Montreal, June 10.—Ralph A. Ammerman of Scranton, Pa., was elected president of the Kiwanis International at the convention here to-day. Memphis was selected as the 1927 convention city.

## AUTOMOBILE WRECK AT FOUR-MILE HOUSE

The photograph shows the wreck of the automobile which collided with a telephone pole at the top of "Four-Mile Hill" Tuesday night and ended its career on the front veranda of the Four-Mile House, a hotel by the roadside. The car, driven by George Chapman, was wrecked, but the driver escaped. He sustained only a cut on his finger and a scratch on his face. He is serving a two-week prison term, imposed yesterday, for driving while under the influence of liquor. Provincial Police are now patrolling the Island Highway with renewed vigilance to catch drivers who disregard speed laws of the Province.

## TOO EARLY-SAY ENGINEERS TO PLAN PEACE RIVER RAILROAD

Ottawa, June 10 (Canadian Press).—A railway outlet from the Peace River direct to the British Columbia Coast will not be economically possible for some time to come, says a report issued by the five railway engineers who have been investigating Peace River railway possibilities on behalf of the Canadian National Railways and Canadian Pacific Railway.

The report was tabled in the House of Commons this afternoon.

## EXCELLENT GRAIN PROMISE ON PLAINS

Prairie Farmers Find Growth Above Average of Ten-Year Period

Ottawa, June 10 (Canadian Press).—Condition of the grain crops on the prairies is generally excellent, says a Government crop report issued this afternoon.

Numbers expressing conditions by comparison with the average yield per acre of the ten years, 1916 to 1925, are in nearly all cases above 100. The figure for all wheat is given as 102, as compared with 103 on the corresponding date in 1925.

Winnipeg, June 10.—Rain fell in various districts of the prairie during the last twenty-four hours, varying from light showers to several hours of precipitation, according to a report issued to-day by the agricultural department of the Canadian Pacific Railway.

In Manitoba light rains were reported in the Brandon area and east to Winnipeg. Rains also covered the western end of the Souris district, which embraces the southwestern portion of the Province.

In Saskatchewan heavy showers were reported in the vicinity of Regina and light rains from Moose Jaw south along the Port Arthur division of the railway and in the Pembina and Assiniboia subdivisions. Heavy rains were reported between Brandon and Wynyard.

Rain in Alberta, varying from fifteen minutes to one hour, fell in the Lacombe, Alt., Ponoka, Red Deer and Rocky Mountain House areas.

## REMOVAL OF CUSTOMS OFFICER WAS REQUESTED

Ottawa, June 10.—Telegrams which passed between two Maritime Province members of Parliament and the Department of Customs in regard to a former preventive officer in Claire, Digby County, N.S., were read by R. L. Calder, K.C., counsel for the committee, at this forenoon's session of the Commons committee which is investigating the customs service of Canada.

One of these, addressed to the Deputy Minister of Customs, and marked "Private," read:

"Serious and grave charges have been made against L. M. Trask, preventive officer operating in Claire, Digby County, N.S., my constituency. So serious are the charges that I demand suspension immediately pending investigation. His appointment is a disgrace to any Government. Wire Trask at once that he is suspended and have him removed from my constituency. Also wire action been taken."

The telegram was signed by L. J. Lovell, M.P. for Digby-Annapolis from 1921 till 1925, a Liberal.

## HUNGARIAN PREMIER ATTACKED IN GENEVA

Man Believed to be Secretary of Republican Party Struck Him in Face

Said He Did Not Worthily Represent Nation; Quickly Put Under Arrest

Geneva, June 10.—Count Stefan Bethlen, Hungarian Premier, was struck in the face to-day by a Hungarian as he was passing through the lobby of the League of Nations headquarters. His assailant was arrested.

As the man was being taken out by detectives he told newspaper correspondents he had struck Count Bethlen because he did not properly represent Hungary. He wished, he said, to give a public demonstration of Bethlen's unworthiness.

The assailant is supposed to be Ivan de Justh, secretary-general of the Hungarian Republican Party. After striking Count Bethlen with his hand he threw a manifesto into the air, signed by De Justh and giving a Paris address.

A Geneva dispatch last night said a uniformed police guard had been provided for Count Bethlen, and it was presumed he was fearful of attack. The guard was provided by the Swiss authorities.

## PERU CONSUL IN VANCOUVER HURT

Vancouver, June 10.—Claudio R. Davis, Peruvian consul here, is in St. Paul's Hospital suffering from a compound fracture of the left leg as the result of being caught in the elevator in the Dominion Building this morning.

## PATTULLO VISITS TERMINAL CITY

Vancouver, June 10.—Hon. T. D. Pattullo, Minister of Lands, is visiting Vancouver to-day on official business and will be here to-morrow.

Matters pertaining to the British Columbia University subdivision development and other departmental activities on the mainland are engaging his attention while here.

He said there was nothing further to say at present about the Strathcona Park timber situation.

"That situation," he declared, "is straightening itself out in due course."

## Club is to Camp At Cameron Lake

Vancouver, June 10.—Cameron Lake, Vancouver Island, will be the scene of this summer camp of the Vancouver Natural History Society. Members of the society will leave for the summer camp Saturday, June 26, and return to the city the following Friday.

## MCGEER ANALYZES LUMBER RAIL RATES

Council Says Charges From Vancouver to Calgary More Than Lines Require

Vancouver, June 10.—G. G. McGeer, K.C., British Columbia Government counsel in the railway rate case, burst a bombshell in his reply to a speech delivered by W. R. Langigan, Canadian Pacific Railway freight traffic manager, before the Victoria Chamber of Commerce.

Having for the first time in his five-year battle for equalization of rates obtained from the C.P.R. a statement of the cost of moving a particular commodity between given points, Mr. McGeer to-day published the result of his deductions made from the C.P.R. document.

A profit of more than 100 per cent over all requirements to cover cost of operation, interest, insurance, dividends, pensions and other details is shown on the movement of lumber from Vancouver to Calgary, according to Mr. McGeer's computation.

Mr. Langigan told the Victoria Chamber of Commerce the railway required rates giving the profit of fifteen per cent over cost of operation, which did not include keeping up the line.

Mr. McGeer takes exception to this statement. The costs of operation as kept in railway accounts are divided into five main branches, namely, maintenance of way and structures, traffic expenses, maintenance of equipment, transportation expenses and general expenses, Mr. McGeer stated.

## JOEL HORSE WON NEWBURY RACE

Newbury, Eng., June 10 (Canadian Press Cable).—The four-year-old Pons Asinorum, owned by Sol Joel, won the Newbury Summer Cup here this afternoon, beating Aga Kahn's Zambro by four lengths. Miss S. S. was third, four lengths behind Zambro.

The race, over a distance of one and one-half miles, is one of the English season's most important handicaps, with a value of about \$4,000.

Pons Asinorum started at 5 to 1 against Zambro at 4 to 1 and Miss Sport at 20 to 1.

## B. C. NOW SHIPS VEGETABLES TO EAST CANADA

Dispatch of Five Cars of Green Garden Produce From Vancouver in Last Few Days to Toronto and Montreal Believed to Mark Opening of New Market That Will Mean Much to Growers on This Coast

Vancouver, June 10.—A freight movement of great interest to British Columbia has been started. In the last few days five cars of green vegetables have been sent from Vancouver to Toronto and Montreal.

This is the first time in the history of the province that such produce has been shipped to the East, and it is the expectation of producers that it is the opening of a new market that will rapidly develop into big business for the growers.

British Columbia fruit is well established in the Eastern market, and potatoes from this Province have been shipped to Ontario and Quebec in large quantities on occasions when the potato crop in those provinces was light. Up to the present, however, green vegetables from Florida have supplied the Eastern market between crop seasons there.

## GOLD FIND IN CASSIAR STARTS RUSH

Seattle, June 10.—A dispatch received here reports discovery of coarse gold at Flat Creek, in the Muddy River region of the Cassiar mining district in Northern British Columbia. A small stampede is said to have started from surrounding camps.

## OLIVER DENIES DISAGREEMENT IN P.G.E. PLAN

Premier Says He Was Misrepresented as Knowing Nothing of New Appointments

There is absolutely no truth in newspaper reports indicating friction among Members of the Provincial Government over the appointment of businessmen to the directorate of the Pacific Great Eastern Railway. This statement was given out by Premier Oliver to-day in view of morning paper stories which conveyed the impression that the Premier knew nothing about these appointments and was not in touch with Hon. W. H. Sutherland, Minister of Railways. Dr. Sutherland is arranging the reorganization of the railway administration.

The Premier explained to-day that the policy of inviting businessmen to join the P.G.E. directorate had been discussed at a conference between him and Dr. Sutherland last week. The next day Dr. Sutherland went to Vancouver and the announcement that three businessmen had been asked to join the railway directorate followed.

**TO BE RATIFIED**

"What I said when asked about this matter," Mr. Oliver stated, "was that the appointments had not been made by the Executive Council, nor have they. Dr. Sutherland has not yet returned from the mainland and I have not had an opportunity of discussing with him what progress has been made with the plan which we talked over before he left. To that (Concluded on page 2)

## DEER ARE KILLED BY LONG DISEASE

Cause of Number of Deaths of Animals on Bowen Island, B.C., is Discovered

Vancouver, June 10.—Vermun broncho-pneumonia is the disease which has caused more than a score of deaths among the wild deer herds on Bowen Island, ten miles west of Vancouver, in the last month, according to E. A. Bruce, animal pathologist at the Dominion Experimental Farm at Agassiz, seventy-five miles east of here.

Of two animals captured while swimming off Bowen Island last week and shipped to Agassiz, only one arrived alive. Both, however, were suitable specimens for examination by Dr. Bruce, who found them to be infected with lung worms, a condition which he said had probably been engendered by the unusual mildness of last winter.

Dr. Bruce said control of the disease was extremely difficult, even among domestic animals, but he added that the meat of affected deer would be fit for human consumption if they were otherwise healthy.

## SCENES OF DISORDER IN REICHSTAG TO-DAY

Marx Causes Pandemonium By Opposing Confiscation of Hohenzollerns' Property

Berlin, June 10.—Bedlam broke loose in the Reichstag to-day when Chancellor Marx defended President von Hindenburg against Socialist attacks for his recent pronouncement against confiscation of the former ruler's property.

**TREATY RATIFIED**

Berlin, June 10.—The Reichstag to-day ratified almost unanimously the Russo-German amity treaty, which recently was signed. The vote was taken after an address by Chancellor Marx, in which he emphasized Germany's desire to maintain friendly relations both with the east and the west.

## PLANS TO INCREASE EMPIRE FRUIT SALES

Economic Committee in Britain Urges People Buy More From Dominions

London, June 10 (Canadian Press cable).—The report of the Empire Economic Committee on fruit, after finding that there is a great opportunity to increase fruit consumption in Britain and thereby transfer much custom to the Dominions, which at present do not supply more than a small portion of the annual importation of fruit, goes on to the conclusion that, under the present system, the average cost of distributing imported fruit within the United Kingdom about equals the whole cost of growing, carrying and handling up to and including the primary sale in the United Kingdom. This matter should be dealt with by the Food Council, it is recommended.

**PUBLICITY NEEDED**

The mobilization of the consumers to buy Empire fruits must depend on providing such indications of the origin of fruit that they may have the means of exercising voluntary preference and upon educating publicity leading them to see that it is in their own business interest, apart from all sentiment, to buy from their country's best customers, the Dominions, the report continues.

The committee recommends that an executive commission should be established, to organize and operate a campaign of educating the public. This commission, it is recommended, should provide an intelligence service in order to obtain information regarding forthcoming supplies as the basis of publicity, and should thereupon promptly inform producers in the Empire in regard to the competing supplies.

## LIQUOR SEIZED; MAN ARRESTED

Windsor, Ont., June 10.—Liquor valued at more than \$40,000 was seized by police last night at the La Salle dock here following the alleged sale of one case of beer to Romeo Lessard of Ford City. Fred Labadie, attendant at the dock, who is said to have sold the beer to Lessard, was arrested.

## U.S. MINERS AID BRITISH STRIKERS

Sydney, N.S., June 10.—District 26, the local branch of the United Mine Workers of America, is in receipt of circular letter from John L. Lewis,

international president, urging financial aid for the miners of Great Britain, now entering the second month of their strike.

"The international union," he letter declares, "notwithstanding its limitations, due to strikes and idleness in our country, has forwarded a substantial donation to the Miners' Federation of Great Britain for use in relief work."

## CANADIAN PRESS HAS NEW MEMBER

News Service Grants Evening Paper Franchise to Edmonton Bulletin

Toronto, June 10.—At a meeting of the board of directors of the Canadian Press, the application of Charles E. Campbell on behalf of The Edmonton Bulletin for an evening paper membership in that city was granted unanimously. The president, J. H. Woods, presided, other directors present being E. H. Macklin, honorary president; John Scott, first vice-president; E. J. Archibald, W. J. Wilkinson, W. B. Preston, A. R. Ford and W. J. Taylor.

**STATEMENT BY PUBLISHER**  
Edmonton, June 10.—The Edmonton Bulletin gave prominence in its issue to-day the following statement by its publisher, Charles E. Campbell:

"On December 3 last, in a publisher's statement in The Edmonton Bulletin and subsequently in an action for damages in the Supreme Court of Alberta, I made certain charges against the Canadian Press, J. H. Woods, of The Calgary Herald and John M. Imrie of The Edmonton Journal.

"These charges were made in good faith and I believed to be true, but which I have since found was incorrect.

"With reference to the Canadian Press, I have settled my differences with that organization and I have applied for membership in it. I have found on further inquiry that the directors of the Canadian Press, in dealing with my application for a morning news service last Fall, exercised their functions, according to their by-laws and, are desirous of facilitating newspaper publication in Edmonton to the fullest extent within these by-laws.

**APPROVED BY DIRECTORS**

"It has been shown to my satisfaction that The Edmonton Journal and Mr. Imrie personally did not oppose, but actually supported my application, and that such conditions as were proposed by Mr. Woods as president of the Canadian Press were suggested in good faith. They were, in fact, such as to be subsequently approved by the directors of the Canadian Press as proper under the circumstances, covering an interim news service in advance of consideration of an application for membership. That part of my statement of claim alleging conditions proposed was based in part on memory, and I have since found was incorrect in certain respects. None of the conditions suggested had any relation whatever to trade unions or agreements with the same.

"I desire, therefore, to make a complete retraction of the charges made in December last and have instructed my solicitors to withdraw the legal action then taken against the Canadian Press, Mr. Woods and Mr. Imrie.

(Signed) "Charles E. Campbell."

## HIS PLAN FOR U.S. IMMIGRATION QUOTA FOR CANADIANS FAILS; SENATOR BORAH

Washington, June 10 (Canadian Press)—Senator Borah's bill to impose immigration quota restrictions on native-born Canadians and people of the Western Hemisphere generally will not only meet strong opposition when it comes up, but the prevailing belief here is that it will not be seriously considered at this session of Congress.

The bill, which was introduced Tuesday, did not reach the Senate immigration committee until yesterday and present indications are the committee will not act on it.

Other outstanding interests of Senator W. E. Borah at present are prohibition and the World Court. An aggressive presidential possibility for 1928, Mr. Borah has started to expound his views in a campaign which is expected to make him a familiar figure in all sections of the United States. He states a speech he recently made attacking the wet in the republic was but the first of a series. The picture above shows the senator in a characteristic campaign pose.

## \$4,501,751 PAID OUT FOR PUBLICITY

C.N.R. Spent That Sum in Three Years; Other Information Given in Commons

Federal Loan of \$12,000,000 to Montreal Harbor Commission is Planned

Ottawa, June 10.—Several questions were answered by the Government in the House yesterday afternoon.

It was stated radio service had cost the Canadian National Railways to date \$474,689. The amounts paid by the National Railways during the last three years for advertising and publicity totaled \$4,501,751.

Canada contributed \$11,951,000 in 1924-1925 to subsidize the marketing of coal from the Maritime Provinces in Ontario and Quebec.

The new million-bushel Government elevator at Halifax has cost \$650,549 to date and has handled 578,616 bushels of grain, according to another answer.

**CUSTOMS INQUIRY**

It was stated the Government had made no change in the position occupied by R. P. Clerk pending the report of the special Commons committee investigating the administration of the Department of Customs and Excise.

In reply to questions from Hon. R. J. Manion, Fort William, and A. U. G. Barry, Edmonton, it was said the question of the civil service salary revision and the completion of the personnel of the Civil Service Commission was receiving consideration.

**GRAIN ELEVATOR**

Hon. H. H. Stevens, Conservative, Vancouver Centre, drew the attention of the House to a conflict of confirmation in respect to the rumored leasing of a grain elevator in Vancouver and Hon. P. J. A. Cardin said it had been agreed no change would be made yet, but that by the end of October a definite answer would be given to the wheat pool which had offered to lease the elevator.

The proceedings of the House were interrupted during the afternoon by the entrance of Alfred Speakman, Progressive member for Red Deer, Alberta, who had been ill since February. He limped in on crutches and was greeted with applause from all sides of the House.

**MONTREAL LOAN**

Hon. P. J. A. Cardin, Minister of Marine and Fisheries, gave notice he would move resolution authorizing a loan to the Harbor Commission of Montreal not exceeding \$12,000,000.

A bill to remove the extra dollar a thousand tax on cigars put up in boxes of ten was introduced and given first and second readings without dissent. Hon. G. H. Boulton announced the excise tax did not include these small boxes in the 33 rate and the higher rate of 34 had been charged. The bill will make the rate 33 on all cigars hereafter.

## at the salaries paid. Men getting less than \$2,000 a year were doing work of the most important character. He did not believe Canada could ever get the Customs Act properly administered unless competent men were secured by the payment of adequate salaries.

Hon. Jacques Bureau, late Minister of Customs, endorsed the remarks of Dr. Reid. He believed the present Customs staff was equal to any staff in the Government service, but it was underpaid and undermanned.

There was considerable discussion of the amendment making free certain automobile parts not manufactured in Canada.

Senator Goggin, Conservative, thought the duty should be maintained and the parts made here.

Senator Dandurand said that when they were manufactured in Canada the duty could be reimposed.

## OLIVER DENIES DISAGREEMENT IN P.G.E. PLAN

(Continued from page 1)

extent I have no direct knowledge of what he has done in Vancouver.

"While no new appointments to the railway directorate have been made, when they are recommended by Dr. Sutherland as the Minister of Railways they will be approved by the Cabinet. It is expected Dr. Sutherland will make his report to the Cabinet on the matter as a result of his visit to Vancouver when he returns here shortly from the interior. Meanwhile to suggest that there is any disagreement or lack of co-operation in the Government over this matter is absurd and very untrue. Such an assumption could not possibly have been based on what I said about this matter when questioned. I feel that I have been completely misrepresented in this matter."

**McGEER ANALYZES LUMBER RAIL RATES**

(Continued from page 1)

"These five items include everything but interest on borrowed money, pension funds, insurance and dividends," he says. "If cost of operation takes eighty-five per cent of the revenue, then Mr. Lanigan requires only fifteen per cent more to meet his other requirements."

**OVER 100 PER CENT**

Mr. McGeer then gave the reply of the C.P.R. to a questionnaire as to the cost of moving lumber in carload lots from Vancouver to Calgary. Mr. Lanigan's answer was that it cost \$126.77 in 1924. The revenue from that car at 50 cents per hundred weight would be \$266.75. The fifteen per cent requirement above the cost figure would bring the total requirement to \$149.21, so the company makes a profit of more than 100 per cent on all expenditure required to earn it, declares the Government counsel.

Mr. McGeer denies Mr. Lanigan's assertion that he was applying for exact equalization, which would give Victoria higher rates than Vancouver. On the contrary, he said British Columbia was asking for retention of the zoning system of terminal rates whereby Montreal and Toronto shipped on equal rates to the prairies, as did Vancouver and Victoria.

**CORNERSTONE OF Cathedral Laid**

Winnipeg, June 10.—Attended by the pomp of the complete Masonic ritual, the cornerstone of the new St. John's Anglican Cathedral here was laid yesterday afternoon. Thousands of spectators and nearly all the clergy of the diocese attended the ceremony. A. L. Crossin, grand master of the Grand Lodge of Manitoba, had charge of the proceedings.

He was assisted by Rev. E. P. Matheson, Archbishop of Rupertland and Primate of All Canada.

**FIREMAN INJURED**

Vancouver, June 10.—M. Stewart, of the fire department, was injured last night when a fire truck collided with a street car at Twelfth and Oak Streets while responding to a fire call.

## HANNAY CHARGED AND COMMITTED

Port Alberni Magistrate Sends Accused up For Trial at Higher Court

Special to The Times

Port Alberni, B.C., June 10.—On a charge of breaking and entering, George Hannay was committed for trial before Magistrate A. G. Freeze here yesterday morning. The prosecution alleged that Hannay broke into Lang's Drug Store, robbed the till of \$30 in cash and took gold coins from a push board. Some of these coins were subsequently found in Parksville, Union Bay and Nanaimo.

Nine witnesses for the Crown were called and when their testimony had been given the case was adjourned until 1 o'clock in the evening. Nine more witnesses were called at the adjourned hearing. They were from Nanaimo, Parksville, Union Bay, Hornby Lake, Alberni and Port Alberni. At several of these places, and where the gold coins allegedly taken from Lang's push board were found, Hannay was seen, witnesses stated.

The prosecution's witnesses were called largely to prove identification of the accused. Chief of Police Cronk of Port Alberni, conducted the prosecution and Alexander McNeil was counsel for the defence.

Claiming that identification was not proven, the defence asked for a dismissal. The court, however, ruled that the case should go to a higher court.

**LAND BILL**

Ottawa, June 10.—The Senate yesterday referred to a special committee the bill providing for revaluation of soldier settlers' lands.

## BRITAIN IMPOSES TARIFF ON PAPER

Duty on Wrapping and Packing Paper Expected to Benefit Canadian Manufacturers

London, June 10 (Canadian Press Cable).—By a vote of 186 to 92, the Commons last evening finally approved the imposition of a duty on imported wrapping and packing paper. The duty is to be 16 2-3 per cent.

An amendment to reduce the period of the duty from five years to one year was rejected by 235 votes to 140.

The duty was recommended by a Board of Trade committee under the Safeguarding of Industries Act. The duty should be of advantage to Canadian paper manufacturers, who compete with Scandinavian and United States manufacturers in the supply of wrapping and packing paper to Britain, in addition, of course, to the domestic product.

A. V. Alexander, a Labor member, declared the quality of imported wrapping paper was suitable for Britain and that the British substitute was inefficient, and further that there had been no increase in the output of the home industry which would justify any such duty.

**MORE EMPLOYEES**  
Sir Philip Cunliffe-Lister, President of the Board of Trade, held the duty was sound and well founded. In his opinion, the British industry could certainly employ a great many more people and he indicated it had been hard hit by outside competition.

"Kraft," a tough paper for wrapping and envelopes, could and would be made in Great Britain. For instance, he pointed out, one British firm was ready to develop the manufacture of "kraft" on a scale of 20,000 tons a year.

G. R. Hall Caine, a Conservative, stoutly championed the British kraft paper.

## THE JUNE BRIDE

Would appreciate the gift of a genuine RED CEDAR CHEST. They are attractive in appearance and moth-proof. We have a good assortment to choose from at prices from \$20 and up.

## Violent Deaths in Eastern Canada

Antigonish Laborer Died of Burns; Derrick Killed Worker in Quebec

Ottawa, June 10.—There were several violent deaths in Eastern Canada yesterday.

D. Norman Macdonald, fifty, a laborer, was burned to death at his home in Antigonish, N.S. His clothing catching on fire from an overturned lamp, he fell downstairs and was stunned while attempting to secure assistance.

A. Lapointe, employed at the aluminum plant at Arvida, Que., was struck and instantly killed by the arm of a derrick.

William Adams was fatally injured when he struck his head on the bottom of the civic bathing beach at Windsor, Ontario.

James McGraw, seventy-three, died in Toronto from injuries suffered when knocked down by an automobile.

Cassimir Vielinski, nineteen, of Detroit, Mich., was drowned when he fell from a rowboat at Windsor, Ontario.

## LEADERS OF LEAGUE PLANNING GERMAN MEMBERSHIP MOVES

Geneva, June 10.—To get Germany into the League of Nations at the September meeting at all costs appears now to be the definite programme of the League leaders.

If necessary, a special session of the Council will be convoked during the summer in order to render impossible any repetition of the March 1925, when the German statesmen were obliged to return to Berlin without their country being elected to membership.

This means that if Spain and Brazil continue their present policy, which is termed here as "bulking," they probably will be jettisoned by the main powers and the work of reorganizing the Council will proceed without them.

Dr. A. Mello Franco, Brazil's representative, who absented himself from the opening meeting of the Council, took his seat at the conference table when yesterday's session began.

A young secretary from the Bernese legation represented Spain.

Alberto N. Guani of Uruguay was the president's chair.

The British Foreign Secretary, Sir

## Ladner Convinces Many

Mrs. Charles, who has been a user of Pacific Milk these many years, drove through Ladner and out to Westham Island on Sunday. Evidently she sat down and wrote as soon as she came home. She says, among other nice things, that one only has to see the farms and cows in that district to know why Pacific Milk is the best in Canada. We are always glad to hear from Mrs. C. one of our oldest friends.

Austen Chamberlain, paid a warm tribute to the League of Nations and Austria for successfully achieving the financial rehabilitation of that country.

## New Schemes to Check Smuggling

Ottawa, June 10.—Closer co-operation between the United States and Canadian Governments in regard to smuggling was discussed at a conference here last night between General Lincoln C. Andrews, United States Assistant Secretary of the Treasury in charge of the American prohibition and Customs Department; Harry Whitehall, collector of customs for Vermont, and Hon. G. H. Boulton, Canadian Minister of Customs. No announcement of the matters discussed was made.

## William Hickson Died in Ontario

Lindsay, Ont., June 10.—William Hickson, noted writer on wild animal life and expert seed judge, died yesterday on the homestead at Bobcaygeon, where he was born.

## THE PEOPLE'S DRUGGISTS

We are still fighting and will continue to fight the avowed intention of the Drug Combine to raise prices. Read this list of drug savings.

## WHY NOT A REFERENDUM?

THE CITY COUNCIL ALREADY HAS the power to establish a city manager system by means of a by-law approved by a three-fourths vote. Whether the electors want that power exercised or not can be best determined by submitting the proposal to them in the form of a referendum. This can be done on receipt of a petition signed by a proportion of the voters or at the instance of the Council itself at a municipal election. Such a referendum should set forth the duties and cost of a city manager with the utmost clearness, and, of course, it would be preceded by the fullest discussion by the advocates and opponents of the proposal.

This procedure has been urged by some of the aldermen and it ought to commend itself to the majority of the Council as the simplest and most practical way to go about the business. The submission of a by-law direct to the electors, as the recent petition, since declared to be invalid, urged, would raise complications which would obscure the issue. It would have to pass the City Council in the first place, which means that it would have a very long and difficult passage. Already the receipt of the petition has produced suggestions of reorganization not necessarily dependent upon the establishment of a city manager system.

It might be urged that a referendum was not what the signers of the recent petition asked for, that they petitioned for a by-law. We doubt if many of them would object to a referendum, the outcome of which would determine whether the Council should establish a city manager system or not.

## AUSTRIA'S RECOVERY

NOT VERY LONG AGO THE NEWS-papers of the world reported the financial tragedy of Austria. They painted word pictures of a former nobility, sitting down together at a central meeting place for the single meal of the day. There seemed to be no hope for the country and a state of anarchy and even worse looked inevitable. Then the League of Nations was appealed to for some form of assistance and guidance. A loan was arranged for. Currency, the value of which had almost disappeared, was stabilized and things soon took a turn for the better. The latest report is that the sub-committee for Austria on the Council of the League has voted that its financial control of the country's finances shall be terminated at the end of the present month because the situation now is considered excellent.

There was no visible threat of another war as a result of Austria's economic plight. It was regarded as a case of abject poverty on a national scale, a condition that called for prompt measures to avoid serious consequences in many ways, of which famine was one. But the League of Nations saw a good deal further than that. The Council understood the menace behind the situation. It knew that if anarchy were to be let loose, it would be difficult to confine it to the present limited territory which is Austria; in short, it saw under the surface of events then taking place a real menace to European peace. It therefore removed it and did just as good service to the cause which it is endeavoring to advance as if it had parted the armies of countries engaged in actual conflict.

## HOW ABOUT THAT BILL?

IT IS TO BE HOPED THAT BEFORE THE House rises at Ottawa the measure to give the Government of this Province the sole right to import liquor into British Columbia will be passed for the fourth time and turned over to the Senate for approval.

Surely such a bill would go through the Upper Chamber this time. Even the most ardent advocate of the "liberty of the subject" no doubt has begun to realize that until more power in this matter has been given to this Province, the boundary line and coastal waters will be profitable areas of operation for law-breakers—and a hunting ground for gunmen.

The important point to remember is that no enforcement organization in British Columbia can expect to stop shipments which to all intents and purposes are legitimately cleared. Nor is it reasonable to suppose that transfer of cargo at sea could be prevented.

## GET GERMANY IN

IF IT COMES TO THE POINT AT WHICH the League of Nations must decide between retaining the membership of Spain and Brazil and the admission of Germany, it should not hesitate to let the two temporary members of the Council go.

Without Germany the League could still do useful work in some directions. But if the door is barred against her next September, one almost certain sequel would be some arrangement between her and Russia

which would make for anything but peace in Europe. Such a development would not only mean a considerable weakening of the League's machinery; it would still further postpone co-operation between the United States and the Old World in many vital matters.

With Germany occupying a permanent seat on the Council of the League, which she was promised at Locarno, a way would be paved for Russia to make advances. These two countries have recently entered into a new treaty and Germany could be depended upon, in her own interests, to persuade the authorities at Moscow to get back into decent international society.

That much accomplished, Europe putting her house in order, and our neighbor to the South would no doubt reconsider her attitude. Could Spain and Brazil remain out in the cold then? We think not.

## THE NEW ROAD RULES

IT SHOULD BE TO THE INTEREST OF motorists to observe the new rules of the road which have gone into operation to-day. There is nothing onerous about them. They have been designed to make the roads of the Province as safe as possible for automobilist and pedestrian alike. All that is required to make them effective in every sense is the fullest measure of co-operation on the part of all concerned. There should be no inclination to defeat the rules by taking chances that may seem certainties. Just as in most other things, it is the unexpected that nearly always happens in motoring.

Immediate effect will be given to the regulation which forbids the parking of cars on the traveled portion of the highway at any time of the day. That is to say, if the motorist desires to pull up and remain stationary on his journey, he must see that all four wheels of his machine are completely clear of that section of the road which cars going in both directions would require to use in passing him. This rule, of course, should eliminate dangerous crowding where the traveled surface is not flanked by suitable parking space. Another important prohibition is that which will require a car coming out of side streets to pull up before emerging to the main highway—hitherto a practice which has been the cause of many accidents.

## HELPING THE SETTLER

MAKING THINGS EASIER FOR SOL-dier settlers in the Camp Lister settlement, by cancelling accumulated interest charges and reducing the price of their land, is a better policy than making the job of development difficult. In reaching this decision the Land Settlement Board has done a good stroke of business. It will make for contentment among those directly concerned and encourage them to greater efforts. The last thing British Columbia wants is neglected farms, and everything that can reasonably be done to stimulate production and the breaking of new ground should be regarded as a good investment. There is no necessity to coddle the settler. The man with initiative will refuse any sort of silly paternalism as long as he is given a reasonable chance to make a success of things.

## WHAT OTHER PAPERS SAY

THEY CONTINUE HICKS  
From The Toronto Globe

Hicksville keeps its name. This comforting intelligence was flashed yesterday throughout the length and breadth of the continent, the people of which were awaiting with anxiety the result of the plebiscite in the Long Island village. The overwhelming majority which declared against the change of name justified the inhabitants in their exultant cry of "We're Still Hicks."

For the information of those few residents of North America who are unacquainted with the issue which hung upon this vote, it may be stated that, at the instance of a realty firm which found it could not dispose of property in the village owing to its name, the question of discarding the time-honored designation of Hicks was submitted to a referendum. The poll was held, the ballots were counted, and the loyal Hicks won by 994 to 317.

It was a victory for principle, a victory in which millions will rejoice. That good old Anglo-Saxon appellations should be at the mercy of mercenary considerations, that they should be cast to the winds for the purpose of negotiating realty deals, would indeed be lamentable. The people of this Long Island village have rejoiced for years in a name which has brought them instant recognition wherever they have gone. It, no doubt, has had the strongest influence in moulding their characters and minds. They have lived and thrived as Hicks, and as Hicks they are resolved to die. The world will approve their decision, and breathe freer now that they have proclaimed their intention.

COAL AS A LIQUID  
From The Toronto Globe

Addressing the British Columbia Branch of the Canadian Manufacturers' Association recently, Premier Oliver pointed to the progress being made in industry through the aid of science and invention by calling attention to the fact that the stock of the Trail Smelter had increased in value eight-fold during the past year owing to the introduction of improved methods of ore extraction. In the same period and for the same reason mineral production in the Province had increased from \$12,000,000 to \$14,000,000.

The Premier has seen great changes in mining methods since he was a boy in the Derbyshire mining district, and perhaps he was not speaking without knowledge when he predicted that at no distant day coal would be distilled and would become a competitor of fuel oil in heat production.

The results of such a development can be easily imagined. The introduction of any process which would permit the handling of coal in less bulk without the loss of heating properties would help to solve many coal mining problems. The very fact that coal is still used in its raw state indicates that the industry has not kept pace with modern improvements, but that it is now being directed in many countries to other methods of handling it with a view to saving transportation expenses of the bulkier commodity involving the elements of manufacture would help to solve some of the labor difficulties which beset every mining district.

## Do You Mean What You Say?

The Register and Tribune Syndicate,  
Des Moines

## PULL UP STAKES

The expression "pull up stakes" is an Americanism meaning "to pack one's belongings and move elsewhere." It dates back, of course, to the more general use of tents as dwellings, when the act of pulling up stakes was the equivalent of dismantling the tent.

## Canadian Questions and Answers

## AERIAL PHOTOGRAPHY

Q—What is Canada doing in aerial photography?  
A—A Canadian Government official says that Canada has been without fear of contradiction that Canada's contribution to the development of aerial photography is such as to place her in a position second to no other country in the world, because this contribution is becoming so very practical and far-reaching in its application to the development of our natural resources of this country. It is becoming an agency of almost unlimited possibilities serviceable to almost every branch of engineering.

## THE NANCY

Q—What is the story of the Nancy?  
A—The Nancy was a little craft which was burned in the Nottawasaga River of Ontario during the war of 1812, the remains of which are being discovered. It is a mystery in that struggle and kept at least one British flag afloat for a time on the Great Lakes. Many interesting souvenirs of it have been found. The United States boats Tigress and Scorpion helped to destroy the Nancy on August 14, 1816.

## ROYAL SOCIETY OF CANADA

Q—What is the Royal Society of Canada?  
A—The Royal Society of Canada was founded in 1882 by the Duke of Argyll, when Governor-General of Canada. Every intellectual type can be accommodated under the charter of the society. There is something unique in the constitution of a society that comprises literature and science, that makes room for mathematician and chemist, the historian and the biologist, the poet and the astronomer. It is unique, also, in that two languages have equal recognition and authority in the literature sections—the French and English. Thus the company of intellectuals are joined by the dual interests of two great sections of our people. There is demonstrated the ideal which possessed the founder and the charter members of the Royal Society of Canada, that it should become a useful institution in Canadian life.

## BETHLEHEM STEEL COMPANY TO OPEN OFFICES IN B.C.

Big U.S. Corporation Incorporates to do Business Through Vancouver Branch

Another Fish Reduction Plant For Island Planned With Headquarters Here

The Bethlehem Steel Company, one of the world's greatest steel producers, is about to open for business in British Columbia, it was announced at the Parliament Buildings to-day. A British Columbia branch of the giant United States concern will be established in Vancouver with a capitalization of \$100,000. While it was indicated that the company will have its headquarters in Victoria, one of numerous concerns launched recently to make pichards into valuable oils and fertilizers.

The full list of incorporations follows:  
Burquitlam Fur Farms Limited, \$50,000, Burquitlam, private.  
Manzer Brothers Limited, \$25,000, Vancouver, private.  
The Arnot Sack and Door Company Limited, \$30,000, Vancouver, private.  
Ravenor Inventions Limited, \$100,000, Vancouver, public.  
Full San Limited, \$30,000, Vancouver, private.  
North American Importers Limited, \$250,000, Vancouver, private.  
Playerton Floral Company Limited, \$75,000, Vancouver, private.  
Burrows Heating Company Limited, \$50,000, Vancouver, private.  
Kootenay Oil Company Limited, \$10,000, Nelson, private.  
Albion Fish Reduction and Oil Refining Company Limited, \$50,000, Victoria, public.

Underwood Lumber, Logging and Power Company Limited, \$100,000, Port Alberni, private.  
Blunt and Farnes Limited, \$10,000, Courtenay, private.  
Albert Cotton Limited, \$100,000, South Vancouver, private.  
Ex-provincial companies registered:  
J. J. McLaughlin Limited, \$100,000; head office at Toronto, Ont.; B.C. office at Vancouver.  
E. P. companies registered:  
Bethlehem Steel Company, \$100,000; head office, Bethlehem, Pa.; head office in B.C., Vancouver.

Chinese Peddlers Charged With Use of False Scales

Three vegetable Chinamen, Lee, Fat and Dop, were brought before Magistrate Jay in the Saanich Police Court yesterday afternoon, charged with using false scales. In their business they have scales which register light weight when buying and another pair of scales which possibly err in another direction when selling, police allege.

One of these vegetable peddlers, all of whom were remanded for a week, admitted to using the light-weight scales.

One of them, questioned by His Honor as to whether or not he had made use of the scales which registered a light weight, replied affirmatively. He declared that he did not use them except when he was purchasing.

Pon Poy Annoyed So Much Named Lee Faces Suit

In a writ filed in the Supreme Court to-day Pon Poy Lung, 500 Main Street, Vancouver, claims unstated damages for malicious prosecution from Lee Hang, 625 Discovery Street, Victoria.

Pon Poy Lung was tried and acquitted at the Victoria Assizes on an arson charge. The jury returned an acquittal after hearing extended evidence.

Lee Hang, defendant, is described as a laundryman of this city, and his name given variously as Lee Hang, Lee Heng, Lee Hung or Sam Kee. Frank Higgins, K.C., appears for the plaintiff.

Former Victorian Dies in England

Mrs. A. Sheldrick, a daughter of the late J. H. Turner, formerly of the Esquimalt Naval Yard, passed away at Woking, Surrey, England, on June 3, according to word which has just reached the city. Mrs. Sheldrick was the wife of Rev. A. Sheldrick, of the Anglican Church, England, formerly of New Westminster diocese, and besides her husband is mourned by a son, Mr. D. Sheldrick, of the Bank of Montreal, Revelstoke; a daughter, Mrs. Kelly, of Kelowna; and her sisters, Mrs. Tunstall, Lady Pears and Mrs. W. E. Scott.

The funeral of the late James McMillan took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Many friends were in attendance and the many beautiful flowers testified to the esteem in which he was held by his many friends. The Rev. Dr. Joseph McCoy officiated, and the hymns sung were "Nearer My God to Thee" and "Rock of Ages." The pallbearers were Messrs. H. G. Brown, A. Lorne, M. Simmons, W. Allen, W. Kopen and C. Tulk. The body was laid to rest in the Royal Oak Burial Park.

Gyro Colors Carried To Triumph in Golf

Gyro colors were out in front in the team match between the service clubs at the Uplands Golf Club yesterday. The Gyros scored 472 points; Kiwanis 326 and Rotary 398.

The boldness of the youthful Gyros, who banged over fairways, rough, and bunkers without a thought, was too much for their older opponents.

University School Cricket Champions  
The University School won the Gillespie Shield and the junior cricket championship of Victoria yesterday when Victoria High School defaulted. The other match played yesterday in this series was won by Oak Bay High School from Brentwood College by 38 to 23.

## Tax Delinquents Must Pay up or Lose Property

The intention of the city authorities to stand firm in proceedings against delinquents under the fifteen-year extension tax plan was reaffirmed on the meeting of the finance committee this week.

City Solicitor H. S. Pringle reported that the city had no other course than to seize the land of the delinquents after due notice unless the total sums outstanding were paid.

Requests that the city delay still further the date of settlement cannot be acceded to, it was stated, and foreclosure will follow failure to pay in full the total charges against the properties affected. Unless sums amounting in some cases to \$15,000 are paid into the city treasury within thirty days after notice has been sent out, a considerable number of properties will become vested in the city, it was asserted.

Down town properties in isolated instances are included in this class and bear a valuable market value at this time, it is said. After it has secured title to the lands now in default the city may proceed to dispose of the property, giving the original owners preference.

## Chinese Peddlers Charged With Use of False Scales

Three vegetable Chinamen, Lee, Fat and Dop, were brought before Magistrate Jay in the Saanich Police Court yesterday afternoon, charged with using false scales. In their business they have scales which register light weight when buying and another pair of scales which possibly err in another direction when selling, police allege.

One of these vegetable peddlers, all of whom were remanded for a week, admitted to using the light-weight scales.

One of them, questioned by His Honor as to whether or not he had made use of the scales which registered a light weight, replied affirmatively. He declared that he did not use them except when he was purchasing.

## Pon Poy Annoyed So Much Named Lee Faces Suit

In a writ filed in the Supreme Court to-day Pon Poy Lung, 500 Main Street, Vancouver, claims unstated damages for malicious prosecution from Lee Hang, 625 Discovery Street, Victoria.

Pon Poy Lung was tried and acquitted at the Victoria Assizes on an arson charge. The jury returned an acquittal after hearing extended evidence.

Lee Hang, defendant, is described as a laundryman of this city, and his name given variously as Lee Hang, Lee Heng, Lee Hung or Sam Kee. Frank Higgins, K.C., appears for the plaintiff.

## Former Victorian Dies in England

Mrs. A. Sheldrick, a daughter of the late J. H. Turner, formerly of the Esquimalt Naval Yard, passed away at Woking, Surrey, England, on June 3, according to word which has just reached the city. Mrs. Sheldrick was the wife of Rev. A. Sheldrick, of the Anglican Church, England, formerly of New Westminster diocese, and besides her husband is mourned by a son, Mr. D. Sheldrick, of the Bank of Montreal, Revelstoke; a daughter, Mrs. Kelly, of Kelowna; and her sisters, Mrs. Tunstall, Lady Pears and Mrs. W. E. Scott.

The funeral of the late James McMillan took place yesterday afternoon at 2 o'clock from the Sands Funeral Chapel. Many friends were in attendance and the many beautiful flowers testified to the esteem in which he was held by his many friends. The Rev. Dr. Joseph McCoy officiated, and the hymns sung were "Nearer My God to Thee" and "Rock of Ages." The pallbearers were Messrs. H. G. Brown, A. Lorne, M. Simmons, W. Allen, W. Kopen and C. Tulk. The body was laid to rest in the Royal Oak Burial Park.

Gyro Colors Carried To Triumph in Golf

Gyro colors were out in front in the team match between the service clubs at the Uplands Golf Club yesterday. The Gyros scored 472 points; Kiwanis 326 and Rotary 398.

The boldness of the youthful Gyros, who banged over fairways, rough, and bunkers without a thought, was too much for their older opponents.

University School Cricket Champions  
The University School won the Gillespie Shield and the junior cricket championship of Victoria yesterday when Victoria High School defaulted. The other match played yesterday in this series was won by Oak Bay High School from Brentwood College by 38 to 23.

The final standing is as follows:  
W. L. D. Pts.  
University ..... 4 1 1 9  
Oak Bay High School ..... 4 2 0 8  
Brentwood ..... 2 3 1 7

## GOVERNMENT FIRM IN OPPOSITION TO CLAIM FOR DAMAGE

Sees no Merit in Valdez Island Settlers' Demands For Compensation

May Grant Fiat Allowing Them to Take Their Case to B.C. Courts

Threats of a suit for damages will not cause the Provincial Government to pay compensation to Valdez Island settlers for their losses in forest fires last year, it was indicated at the Parliament Buildings to-day. The Government has no intention of complying with the settlers' demand for money to pay for their losses which, they allege, resulted from a fire started by a party of Government surveyors.

The settlers prepared yesterday to launch suit against the Government for damages. Whether they will be permitted to sue the Government has not been decided yet. The whole matter will be discussed when they apply for this right and the details of their claim can be investigated. In any case, the Government does not consider the demand for damages is justified and will oppose payment.

## Cliffe Loses Call But Fans Like His Work; Godfrey Loses

Los Angeles, June 10.—Chuck Wiggins, Indianapolis heavyweight, won on a foul from George Godfrey, Philadelphia negro, in the seventh round of a scheduled ten-round bout here last night.

Ernie Owens, Los Angeles heavyweight, scored a decision over Roy Cliffe of Courtenay, B.C., in the opening bout. The fight was fast and the decision close. The sympathy of the crowd was with Cliffe, because of his aggressiveness.

AS USUAL  
"What another row with your wife? What's the trouble this time?"  
"The same old thing—she's right and I don't agree with her."—Life.

To teach women the principles of home-making and their self-supporting, the Bolivian Government has established a professional school.

There passed away yesterday afternoon John Clements, aged fifteen

### MRS. HENRY LANDES SENDS MESSAGE TO VICTORIA WOMEN

Seattle Mayor Appreciative of Goodwill, Tells Local Delegates at Banquet

Mrs. Henry Landes, the new Mayor of Seattle, sent a message of greeting to the women of Victoria and publicly acknowledged her appreciation of the tribute paid her by this city in its gift of flowers and good wishes in the course of an address before the Seattle Business and Professional Women's Club on Tuesday evening. Representatives of the Kiwanis Club were among the guests at the banquet.

Mrs. Landes in an earnest and simple little talk told the big gathering something of the difficulties which face her in the mayoral office, and appealed to the women for their cooperation in the enforcement of law and order.

"I am not a super-woman. I am just an ordinary woman trying to do my little bit as best I can," she said. "Don't think that all the law-breaking is going to stop in Seattle just because I have taken office. It isn't. Neither the Mayor nor the Chief of Police can put a stop to that. The remedy lies in the hands of every citizen, and it will only be through the co-operation of every man and woman in this big city that we can hope to make it a law-abiding community, and I want each of you to help me make it so."

Following her address Mrs. Landes told the Victoria delegates that she treasured the memory of the warm and genuine welcome given her by the women of Seattle on the Canadian Club here last year, and expressed her deep appreciation of the good wishes sent her on the assumption of her new duties.

Mrs. Landes, president of the Kumtuka Club, conveyed the greetings of the Victoria business women to the Seattle Club and also felicitated the women of Seattle on the election of a woman to the mayoral chair.

### QUIET WEDDING AT FIRST CHURCH

Miss Beatrice M. Collins Married to Bernard P. Schwengers

Rev. John Goodfellow officiated at the marriage solemnized at First United Church yesterday at 11 a.m. Miss Beatrice May, youngest daughter of Mr. and Mrs. E. J. Collins of 1120 Blenkinsop Road, and Bernard Peter Schwengers, son of Mrs. Peter Schwengers, Vancouver, were the bride and groom.

The bride, who was given in marriage by her father, was gowned in powder blue tulle, embroidered in silver with white leghorn picture hat, was assisted in receiving the guests by the bride's mother, who wore a smart frock of brown tulle with hat to match. The reception rooms were gay with flowers.

After the reception, Mr. and Mrs. Schwengers left by motor for a tour of the island, the bride traveling in a tulle costume of fawn tweed with hat to match. On their return they will make their home at 612 Hastings Avenue.

Among the many wedding gifts was a Cluny tea cloth, presented by the bride's former office associates at the London, Ont. branch of the Bank of Montreal; also a walnut radio table and a big case of cutlery presented by the staff and travelers respectively, of E. G. Prior, Limited, with which firm the bridegroom has been associated for many years.

### CHINESE CONFIRMED AT CHRIST CHURCH

Five Orientals Among Big Class at Cathedral Last Evening

Five Chinese boys were among the sixty-six candidates in a confirmation class conducted by the Bishop of Columbia at Christ Church Cathedral last evening before a large congregation.

The five Chinese were all from the Oriental Mission conducted by the Anglican Church in Victoria. The questions were addressed to them by the Chinese catechist, Rev. Bui Ding Li, who translated into the Cantonese after the Bishop had spoken them in English.

The Dean of Columbia presented for confirmation the twenty-one Canadian boys and forty girls from the Christ Church Cathedral class. Ven. Archdeacon Laycock, attended the Bishop of Columbia as bishop's chaplain.

JUST WHAT YOU NEED For warm Summer evenings a wrap of pleated chiffon colored with light Summer fur is a most satisfying possession.

Mr. J. C. Holley, Yates Street, is spending a week's holiday at Shawinigan Lake.

### CANADIAN GOODS FEATURED BY COUNCIL WOMEN

National Council Stage All-Canadian Exhibit in Vancouver

Vancouver, June 10 (Canadian Press)—Perhaps one of the finest exhibitions of Canadian art, literature and manufactured goods ever assembled at the Pacific Coast has been arranged by the executive committee of the National Council of Women and opened this morning at the Central Presbyterian Church, where the council is in conference.

This exhibition has been culled from every part of the Dominion and was arranged by Mrs. Parsons of Toronto under the auspices of the Women's Art Association of Canada. The Guild of Art and Crafts, Exhibits and the Guild of Handicraft of Montreal is well represented, while through the courtesy of Canadian bookmen publications by Canadian authors occupy a prominent place.

The Victoria, B.C. Local Council sent a fine display of water colors, the work of Miss Josephine Crease, literature and manufactured goods ever assembled at the Pacific Coast has been arranged by the executive committee of the National Council of Women and opened this morning at the Central Presbyterian Church, where the council is in conference.

Rugs, scarfs and linen woven by the habitants of Quebec form a splendid background, and the first piece of fine linen lace, made by an Eastern Canadian woman, from thread grown in Canada is the forerunner of a new industry for the Dominion.

Canadian manufacturers have cooperated to such an extent that the finest specimens of woolen blankets, lingerie and hosiery have been sent in generous supply for the exhibition. As a special souvenir, Christie Bros. have sent a most remarkable donation of biscuits for the delegates.

COMMITTEES MEET Mrs. O. C. Edwards of Calgary, convenor of the committee on laws for women and children, presided over a meeting of her committee at the National Council conference this morning and read a lengthy report, making many valuable suggestions. This report outlines in detail the dowry act and all its amendments as far as the province of Alberta is concerned.

The committee on finance met under the convenership of Mrs. Wesley Bundy of Toronto to prepare its report. The meeting took the form of a committee of the whole, and went into discussion on the financial status and future policy of the council.

The public health committee headed by Mrs. C. R. Edwards of Calgary, who has made a thorough study of health problems throughout the Dominion, decided to make some very drastic suggestions to the conference with regard to health laws.

This afternoon there is a private meeting of the Local Council's banquet.

Sketch Club Met—A very enthusiastic and well-attended meeting of the Sketch Club was held Tuesday afternoon at Mount Tolmie to complete the work begun a week ago. The next meeting will be Tuesday, June 14, at 2 o'clock, when members should be at the terminus of the Poul Bay car line to take the Observatory Road for the top of Gonzales Hill.

Assistance was given to the Children's Aid Home, in the way of making a little people

## An Interesting Programme of Bargain Events For Friday

Continuing the Sale of Women's Fashionable Apparel, Sale of Summer Toiletries, Men's Summer Oxfords and Men's Quality Shirts

### Store Editorial

If you are a visitor to Victoria you will find much to interest you in this store, which is one of the most modern in the long chain of department stores operated by Hudson's Bay Company, extending from Winnipeg to the coast.

We invite you to make use of our service features, including the rest rooms, rendezvous, information bureau, library, etc. Among the many conveniences you will find here are the Hairdressing and Manicuring Parlors, the Optical Department, and our Victorian Restaurant where excellent meals are served at all hours during the day, at popular prices.

A really splendid view of Victoria and surrounding country may be obtained from our observation tower, which is easily reached by taking the elevator to the top floor and climbing a few steps.

Our big displays of British wools, Irish linens, English and French china, and other imported merchandise are well worth your inspection. You will no doubt be surprised at finding the prices so reasonable.

### Give Our Meat Department a Trial Order

Hundreds of housewives depend upon always getting the freshest and purest of meats from this store and not without cause. We carry only the best qualities and our prices are right. Short, but useful lengths of curtain remnants marked to clear Friday at Half Price. The assortment includes scarves, marquisettes, velours, caement cloths, cretonnes, voiles, etc.

—Third Floor, H.B.C.

## U.S. WANT TO BE NOTIFIED WHEN RUM RUNNERS SAIL

Investigation Shows That no Canadian Vessels Have Put Into Mexico For Two Years

San Francisco, June 10.—Colonel Ned M. Green, district federal prohibition administrator, has asked the State Department to request Canadian authorities to notify Pacific Coast dry officials of departures from British Columbia ports of vessels laden with liquor.

"Vessels laden with liquor," Green said, "are continually sailing from British Columbia ports, ostensibly bound for ports south of the United States. Everyone knows the liquor is unloaded off the coast of the United States. The vessels return to Canada with false papers, which the customs authorities there must know to be false."

"Investigation of Mexican ports show no Canadian vessels have put in for two years, yet the Canadian boats boldly return to Canada with papers showing they landed their cargoes according to the outward manifests. If the Canadian authorities will furnish us information regarding the movements of rum runners, we might help stop liquor smuggling. These rum runners are clearly violating the navigation laws."

### MARINE NOTES

On a trip to supply the Gulf stations with oil, the C.B.S. Berens sailed from Victoria to-day for Nainaimo. She will carry out some work at this port and then proceed to the Gulf. The vessel will work out of Vancouver for the next two weeks.

Sa. Emma Alexander will arrive from California ports to-day to-night. The Pacific Steamship Company's vessel has about sixty passengers on board destined for this port.

### RATIFIED BY SHAREHOLDERS

Montreal, June 10.—After much discussion the revised plan in connection with the arrears of dividend on the preferred stock of the Canada Steamship Lines Limited, was ratified by the shareholders yesterday.

## ADELAIDE WILL RESUME SERVICE

Canadian Pacific Steamer Has Been Thoroughly Overhauled

After having her boilers retubed by the Victoria Machinery Depot and being cleaned and painted by Tarrons Limited, the Canadian Pacific Coastwise steamer, Princess Adelaide will resume service to-night on the midnight run between Victoria and Vancouver.

The Adelaide has been laid up for some weeks for a thorough overhaul and is ready for her summer's work. To-morrow night the Princess Charlotte will leave from Victoria on her first trip to Alaska this year. The vessel has been thoroughly renovated and will make an ideal steamer for this route. She will arrive in Vancouver on Saturday morning, laying over there all day and sailing for the North Saturday evening.

The Princess Alice and Princess Mary are both laid up at the Belle Isle Street docks for overhauling. The former will make her initial summer trip to Alaska on June 21, while on July 3 the Princess Mary will leave on her "Round-the-Island" cruise.

## PRESIDENT GRANT WILL BE DELAYED

Held at Seattle Until 2 o'Clock Tuesday Afternoon; Send-off Celebration

Seattle, June 10.—Sailing of the liner President Grant, the first vessel of five operated between Seattle and the Far East to be turned over to R. Stanley Dollar of San Francisco by the Shipping Board, has been postponed from 11 o'clock Tuesday morning to 2 o'clock in the afternoon for a send-off celebration. Dollar purchased the ship for \$4,500,000. Five thousand people are expected to attend the ceremony.

The steamer Arabia Maru, which arrived here Tuesday from the Far East, carried silk valued at \$1,250,000, which was shipped East.

With 1,200 tons of cargo from the Atlantic Coast the Monticello arrives here to-day. She shifts to the load 6,000,000 feet of lumber for the Orient.

## SPOKEN BY WIRELESS

June 9, 8 p.m.—Shipping: E. D. KINGSLEY, Port Alice for Vancouver, 30 miles from Port Alice. HALLOIN, Nagoya for Vancouver, 173 miles from Victoria.

ARABIAN, Japan for Comox, 1,950 miles from Cape Flattery. EMPRESS OF RUSSIA, Yokohama for Victoria, 1,994 miles from Victoria.

PRESIDENT MUNROE, San Francisco for Honolulu, 728 miles from Honolulu.

CANADIAN OBSERVER, Ocean Falls for San Pedro, 281 miles from Ocean Falls.

CANADIAN IMPORTER, San Francisco for Seattle, 146 miles south of Cape Flattery. NIAGARA, 100 miles south of Honolulu, southbound.

June 10, 8 a.m.—Weather: Etesian—Clear; south; light, 30.08; 52; sea smooth.

Pachena—Clear; calm; 30.08; 54; sea smooth.

Prince Rupert—Clear; calm; 30.25; 62; sea smooth.

Alert Bay—Clear; calm; 31.08; 62; sea smooth.

Contest Winners Announced—Yesterday the names of the winners of the Amberline Products Ltd. contest were announced. The winners are as follows: First prize, J. F. Sharp, 570 Yates Street; second prize, Mrs. Catherine W. Emery, Nanaimo; 1054 Pandora Avenue. A special prize was awarded Margaret Hartley, aged twelve years. The number of entries received was nearly 400. The longest list contained 6,949 words and the shortest 152. The competition was awarded to the one giving the highest number of correctly spelled words obtained from "Amberline Polish."

## YARROWS RUSH WORK ON FISHING VESSEL

Third Seine Boat Will be Completed Shortly; Riveting Finished on Second Caisson

Yarrows Limited are rushing ahead with the work on the Amble, the third seventy-five-foot seine boat for the Canadian Packing Corporation, and the vessel will be completed in a short time, the Esquimalt firm announced this morning.

To-day the engine for the fourth vessel, which is a forty-eight-foot craft, was lifted into the hull as the stands on the ways and will be completely installed before she is launched. The builders intend to complete the upper work on this boat before she is put into the water.

Work is also proceeding well on the tug St. Faith. She is being converted from a coal burner to an oil burner. Her housing is all being changed while oil tanks are being installed. Riveting on the second caisson for the new drydock has been completed and now only a few minor jobs have to be finished before the gate is handed over to the Government.

## CANADIAN FARMER HIT OGDEN POINT PIER YESTERDAY

Tide and Wind Swung Vessel Around Forcing Her Into Concrete Dock

While docking yesterday afternoon at Pier A of the Ogden Point Quay, the Canadian Government Merchant Marine freighter Canadian Farmer, Capt. McCulloch, rammed the inside of the pier.

A strong wind was blowing at the time while the tide was running strong. The vessel was attempting to make a landing between Pier A and Pier B on the inside of the former. Just after she had made her way inside the two docks the elements turned her bow around, striking the concrete pier.

The vessel's bow was damaged a number of the plates being buckled. The Farmer proceeded to Vancouver later in the afternoon and it is most likely she will be drydocked there for inspection.

The Canadian Farmer operates in the coastal trade between Victoria, Vancouver and San Francisco.

### SAN FRANCISCO SHIPPING

San Francisco, June 10.—The French line steamer De Grasse will be the official American Legion steamer for the California members who are going to Paris next year. Captain V. Alliot, Coast representative for the company, announced yesterday. The California will sail from New York next September.

The six freighters of the Pacific-Argentine-Brazil Line, recently purchased from the Shipping Board by the McCormick Steamship Company, are undergoing changes in personnel, the company making way for older employees by dispensing with the men aboard the steamers when they were taken over from the Government.

## EMPRESS OF CANADA WILL SAIL FOR FAR EAST THIS EVENING

En route to the Far East the Canadian Pacific liner Empress of Canada sailed from Vancouver at noon to-day and will call here at 5:30 o'clock this afternoon to pick up mail and passengers.

The vessel is taking out a good list of passengers and a heavy consignment of freight. The Empress of Russia, inbound from the Orient, is due to reach this port early Monday morning with 602 passengers aboard.

## AMERICAN LAUNCH SEIZED BY CUSTOMS

413-M Taken Near Discovery Island For Being in Non-Port of Entry

For being in a non-port of entry the American gasoline launch 413-M, with Seattle as her port of registry, was seized by Special Canadian Customs Officer George Norris aboard the launch Winamac yesterday at a small island situated between Discovery and Chatham Islands. The launch was lying alongside the rocks at the time of the seizure, and the Winamac proceeded to within close range before discovering the vessel. Two men and a dog were aboard the vessel at the time it was taken. The men on the launch gave their names as Tony Schwemer and George Manuel.

When the Winamac arrived yesterday afternoon at 3:15 o'clock the 413-M was moored alongside the other vessels seized by the Canadian customs.

At the time the 413-M was seized she had no cargo of any description aboard. The men aboard the vessel offered no resistance, and the boat was taken in tow by the Winamac and brought to Victoria.

Capt. A. R. Bittancourt, special Canadian customs officer, was in charge of the Winamac at the time of the seizure.

The spot where the 413-M was seized is famed on account of it being the rendezvous of rum-runners operating between Canada and the United States. A number of bootlegging craft have been seized by Canadian customs in this vicinity.

employees by dispensing with the men aboard the steamers when they were taken over from the Government.

### SUSPENDED FOR ONE YEAR

Lincoln, Neb., June 10.—Morrie Schaffler, Omaha pugilist, has been suspended for one year.

The Shell Oil tanker Martinez, which sank in a collision in Racoon Straits several weeks ago, has been moved to Southampton, Nova Scotia, two miles away. The shift in the position of the tanker is the first since the vessel sank and was made Tuesday night. The Martinez has more than 12,000 barrels of oil in her tanks, and as the craft is now in shallow water efforts will be made to lift the vessel and get the water out within the next few days.

The six freighters of the Pacific-Argentine-Brazil Line, recently purchased from the Shipping Board by the McCormick Steamship Company, are undergoing changes in personnel, the company making way for older employees by dispensing with the men aboard the steamers when they were taken over from the Government.

**SPLIT SWITCH—WRECK—TWELVE PEOPLE HURT**—Twelve passengers were hurt when an express train on the Chicago & Northwestern Railway split a switch at Wilmetta, Ill., near Chicago, and crashed into a freight train on a siding. This photo, taken just after the wreck, shows the engine of the passenger train lying amid the wreckage of the freight cars.

To 20 Countries—25 Ports—Sail Dec. 2 on this perfect

## World Cruise

## Prize Meeting Of B.C. Riflemen Will Open Here June 30

Outstanding Marksmen of Province Will Engage in Four-day Shoot at Heals

Fine Programme Arranged For 48th Annual Meeting; Entries Close on June 24

Expert marksmen from all over the Province will be in Victoria at the end of this month for the 48th annual prize meeting of the British Columbia Rifle Association, which will open at Heals' range on Wednesday, June 30, and continue during the first three days of July.

Local interest in the event is greatly augmented through the fact that six members of the Canadian Rifle team are Victorians. Rifle shooting will be seen in a popular sport in this city.

Vancouver will be largely represented at the meet. Shots from that city will provide most of the opposition for the local marksmen, although it is understood that others from up-country will compete.

This meet is all the more important for the reason that the winners of the competition will be entitled to enter in the shoot of the Dominion Rifle Association at Ottawa, where the champion shot of Canada will be discovered.

The aggregate will make up the Canadian Rifle team for 1927.

**TWENTY-THREE MATCHES**  
In all there will be twenty-three matches with a large number of prizes for each, some as high as \$200. This will provide an additional incentive for entrants.

Entries must be handed in to the treasurer of the B.C.R.A., Capt. P. R. M. Wallis, at 1364 Hillside Avenue, before June 24.

The programme of four days' duration will be as follows:  
**WEDNESDAY, JUNE 30**  
9.00 to 9.30—Extras series, 200 yards.

9.30 to 10.30—Macdonald "Brier," No. 1, 200 yards.

10.30 to 11.00—Extras series, 300 yards.

11.00 to 12.00—Victoria, 300 yards.

1.00 to 1.30—Extra series, 500 yards.

1.30 to 2.30—Macdonald "Brier," No. 1, 500 yards.

2.30 to 3.30—Westminster, 500 yards.

3.30 to 4.00—Extra series, 600 yards.

4.00 to 5.00—Macdonald "Brier," No. 1, 600 yards.

5.00 to 5.30—Galliey and cadet matches, 600 yards.

**THURSDAY, JULY 1**  
9.00 to 9.30—Extra series, 300 yards.

9.30 to 10.30—Victoria, 300 yards.

10.30 to 11.00—Extra series, 600 yards.

11.00 to 12.00—Louis D. Taylor, 600 yards.

1.00 to 1.30—Extra series, 200 yards.

1.30 to 2.30—Lieut. Governor's (first stage), 200 yards.

2.30 to 3.00—Extra series, 500 yards.

3.00 to 4.00—Lieut. Governor's (first stage), 500 yards.

4.00 to 4.30—Extra series, 600 yards.

4.30 to 5.30—Lieut. Governor's (first stage), 600 yards.

5.30 to 6.00—P.P.C.L.L. Service Trophy, 200 to 300 yards.

**FRIDAY, JULY 2**  
9.00 to 9.30—Extra series, 300 yards.

9.30 to 10.30—Dawson, 300 yards.

10.30 to 11.00—Extra series, 600 yards.

11.00 to 12.00—Dawson, 600 yards.

1.00 to 1.30—Annual general meeting.

1.30 to 2.00—Extra series, 800 yards.

2.00 to 2.30—Macdonald "Brier," No. 1, 800 yards.

2.30 to 3.00—R.C.M.P., 200 yards.

3.00 to 3.30—Extra series, 900 yards.

3.30 to 4.30—Macdonald "Brier," No. 1, 900 yards.

4.30 to 5.30—R.C.M.P., 200 yards.

5.30 to 6.00—Extra series, 1,000 yards.

6.00 to 6.30—Presidents, 800 yards.

6.30 to 7.00—Presidents, 600 yards.

7.00 to 7.30—Luncheon.

7.30—Presentation of prizes.

1.00—Council meeting.

2.30—Meeting of 1927 council.

**"Y" and Knox Net Teams Will Play Matches Saturday**

The Y.M.C.A. and Knox tennis clubs will play a match on Saturday. The following "Y" players are requested to be at Knox Church courts, corner Gladstone and Stanley Avenue, at 2.30 o'clock:

Ladies—Miss Moffatt, Miss Hamilton, Miss Sluggert and Mrs. Clarke.

Men—G. Fraser, R. Stewart, C. Robinson, R. Whyte and L. McLennan.

The "B" teams of the "Y" and Knox will play at the "Y" court at 2.30 sharp, and the following players are requested to be on hand:

Ladies—Miss J. Menzies, Miss C. Menzies, Miss Breckenridge, Miss Joan Witty, Miss M. Pegrum and Miss V. Mossey.

Men—Wm. Erickson, Warren Martin, Wm. Sellers, J. J. McCreadie, J. McCratney.

## Beaten By Cochet

VINCENT RICHARDS

Paris, June 10.—Vincent Richards, United States star, was eliminated from the singles of the international hard court tennis championships in the semi-final round by the Frenchman, Henri Cochet of France, 6-1, 6-4, 6-4.

Suzanne Lenglen, paired with Miss Vlasto, defeated the English pair, Mrs. Shepherdson and Miss Joan Fry, 6-2, 6-1.

Richards early in the day won the final sets of his postponed match with Baron von Kehrberg of Hungary to advance to the semi-finals. The score was 6-1, 6-3, 6-3.

## Walter Hall Will Try To Stop Sons Of Canada To-night

Eagles Are Out For Scapals Of League Leaders; Mosher Twirls For Sons

To-night will find Hall and Mosher opposing each other on the mound in the senior ball fixture at the Royal Athletic Park. The former will wear the uniform of the Eagles, the latter that of the Sons of Canada.

In two previous starts a sore arm has troubled Hall and he has been forced to leave the box. He was one of the victims of the slugging Travelers on Monday.

He reports great improvement in the condition of his arm and expects to get the hard-throwing Sons whiffing before his second start on Wednesday.

Last time the Sons and Eagles met Hall pitched good ball until his team mates fell down in the fifth and let the Sons score seven runs. An addition to the Sons' lineup will step into the box for the first time this season.

It is understood that he has a lot of stuff and is worth watching.

The main interest in the game this evening centres around the effort of the feathered tribe to register their first victory. Should they do so a tie will occur for first place in the league, whereas if the Sons are winners they will take a clear one-game lead over the Travelers in the league standings.

Umpire "Albie" McGregor will call the game at 6.15 o'clock.

## Fairfield Boys To Go In Ring To See Which Better Boxer

Frank Sutton and Geo. Heller in Special Event on Saturday's Boxing Card

In addition to the five bouts already announced for Saturday evening at the Victoria arena, a private real battle between two boys of the Fairfield District, who have been hammering away at each other for the last four months in a private gymnasium and are now anxious to appear in a real ring with referee and judges officiating to find out who is the better boxer of the two, will be the feature of the evening.

According to persons who have seen these would-be pugilists in action, the boys are fine fighters and say they will give the fans a real box.

They are taking Saturday's bout as serious as if it were for a real prize. The boys are Frank Sutton, who weighs 135 pounds, and George Heller, who tips the scales at 125 pounds. This bout will be used as the curtain raiser and the boys have agreed to have the winner take all of the purse which the boxing association is putting up for the bout.

Lewis and the rest of the local contingent will again go through their training stunts at the Metropolitan Billiard Parlors again this evening. A record crowd of fans attended last night's workouts and they were greatly impressed with the wonderful showing made by the boys. Pollett will arrive in Victoria to-morrow afternoon and will don the gloves for a few light rounds in the evening.

## Pittsburgh Reach First Place After Long, Stern Battle

Boston Braves by Kicking Cincinnati Reds so Often Helped Pirates on Way

Yanks, Apparently Beaten, Recover in Detroit and Win; Washington Hit Under

New York, June 10.—To-day the world champions of baseball once again lead their league with an uprising of the Reds, of Cincinnati, suppressed.

But it was not across a Pirate horse that put down the revolt, but a brave band of arrow men from Boston. Seven straight battles have gone to the Braves and Boston and they have not hesitated to take their toll from the best opponents obtainable.

The Pirates took the lead by defeating the Phillies yesterday, 9-7 in ten innings.

Meanwhile, Brooklyn accomplished the rest by taking a ten-inning struggle from Cincinnati, in which Dazzy Vance recorded fourteen strikeouts. The score was 2 to 3.

Bill Sherdel of the St. Louis Cardinals left-handed a six-hit effort against the Giants and won 4-2.

The Braves made the Chicago Cubs their seventh straight victim, six to three.

**GAME SEEMED LOST**  
Once more the New York Yanks fell on the Detroit Tigers when all seemed the sure way to coming them a lead of 4-3, giving them a lead of 8-4 games in the American League, because Chicago downed Philadelphia for the second time, 4-1.

Miller of Cleveland, allowed Washington four hits but won 11-5, because Lacey hit a homerun, Jamieson two doubles and Joe Sewell a double.

St. Louis Browns took their second straight from the Red Sox, 6-4, making ten victories out of fourteen since they returned home.

Toronto 5, Newark 6.

Rochester 9-12, Reading 0-4.  
Buffalo 5-4, Jersey City 7-5.

**COAST LEAGUE**  
Sacramento, June 10.—Sacramento won the game to date in the ninth to defeat Seattle 7 to 6. Seattle took an early five-run lead, but the Senators got to Miljus for three in the fourth and a mile number in the fifth to take the lead. Seattle tied it up in the ninth, but Hughes' double, a walk to Kopp, a punt to Monroe and Ellisworth's failure to hold Ramsey's throw to third permitted Hughes to score the winning run.

R. H. E.  
Seattle..... 6 10 2  
Sacramento..... 7 9 1

Batteries—Meyers, Lee, Ramsey and E. Baldwin; Jenkins; Hughes and Koehler.

**AVERAGES FATTENED**  
San Francisco, June 10.—Los Angeles batters fattened their averages yesterday at the expense of four Missions pitchers, winning 11-2 in a game featured by a seemingly endless procession of Angels to the plate.

Missions..... 2 9 1

Batteries—Crandall and Sandberg; Barfoot, Oescher, Eckert, Christian and Murphy.

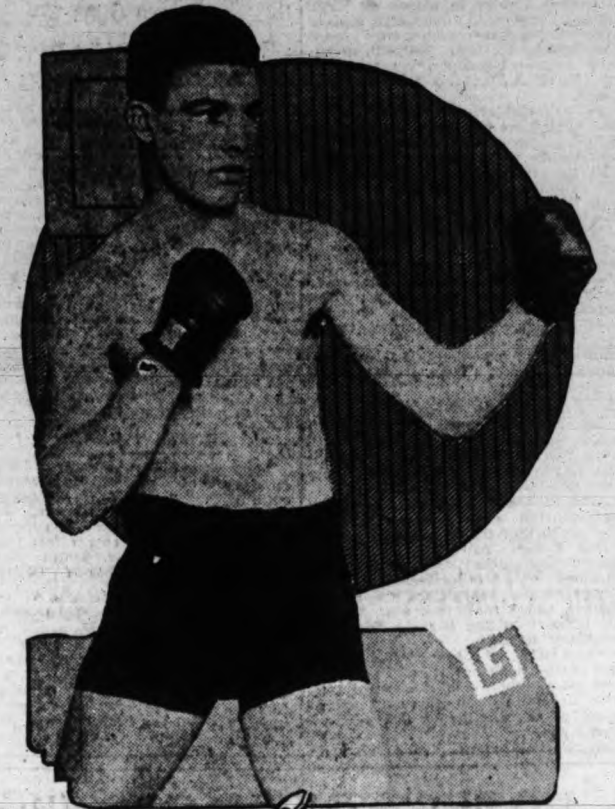

**OPEN UP WITH A WIN**  
Los Angeles, June 10.—The Portland Beavers opened their first invasion of Los Angeles this season by defeating the Hollywood Stars 2 to 1 yesterday.

R. H. E.  
Portland..... 2 7 0  
Hollywood..... 1 9 0

Batteries—Meeker, Payne and Berry; Mulcahy, Singleton and Cook, Peters.

**WON PITCHERS' DUEL**  
Oakland, June 10.—Earl Kunz defeated Oliver Mitchell in a pitchers' duel here yesterday, and the Oaks

## GETS CHANCE TO LIFT CROWN TO-NIGHT

YOUNG STRIBLING

New York, June 10.—"Fair and warmer." Such is the weather forecast for the Berlenbach-Stribling fight at the Yankee stadium to-night. It is what is known as Rickard's luck. Many promoters of outdoor shows have lost heavily by postponements this season, mostly because of rain and most nights of late have been far too cool for comfort.

Berlenbach will have an advantage of three and a half pounds to-night. The champion this afternoon scaled 174½ and Stribling 171.

The champion and challenger both appeared in excellent condition when they were examined and weighed before the state athletic commission. The difference in their poundage came as a surprise. It had been expected that Stribling would be closer to the class limit of 175 pounds.

There is no question but what the fifteen-round championship battle will be as hard fought a title contest as has been witnessed in a long time. Berlenbach never worked more faithfully or diligently for a ring skirmish than he has for this meeting with Stribling. Victory for the heavyweights and a purse that will net him at least \$100,000.

The challenger will enter the ring at 10 o'clock daylight saving time on even terms with the champion in the betting.

## George Gadd Holds His Lead In To-day's Round

Turns In a 73 for Total of 219 for Three Rounds; Whitecombe and Davis Next With 221; Watrous Breaks Course Record With a 68, Shooting an "Eagle" on Fifteenth; Barnes and Kirkwood Disqualified

Liverpool, June 10.—The final thirty-six holes of the Northern professional golf championship started here this morning, with George Gadd, of Roehampton, James Adwick, of Olton, and Bill Mehlhorn, of Chicago, leading the field of the thirty-six holes played Tuesday and Wednesday with scores of 146.

One hundred and fourteen contestants qualified for the championship and prize money of £1,000.

Al Watrous, of Grand Rapids, Mich., broke the Formby course record by two strokes with a 68. At the 404-yard fifteenth he holed a full iron shot against the wind for an eagle two. His aggregate is 226.

Gadd led the round in 73 for an aggregate of 219, giving him the lead with less than half of the field accounted for. Walter Hagen had a 79 for an aggregate of 229. Other scores at the end of fifty-four holes: Bill Mehlhorn 76-227; Cyril Walker 76-227; Emmett French 84-235; H. C. Jolly 75-224; W. H. Davies 73-221; Joe Stein 80-239; Aubrey Boomer 75-224; T. D. Armour 77-232; E. R. Whitecombe 76-224; C. A. Whitecombe 74-221.

Liverpool, June 10.—Jim Barnes and Joe Kirkwood were disqualified from further play in the British Northern professional golf championship tournament to-day because they were not at the first tee on scheduled time for this morning's round. Walter Hagen, who was also late, but not as much as the other two, was allowed to continue.

## Victoria Riflemen Leave Montreal For Bisley on Saturday

Montreal, June 10.—The twenty members of the Canadian Rifle team, in charge of Major R. C. Crowe of Guelph, Ont., commander, and Major R. O. Wheatley, Ottawa, adjutant, will sail from Montreal for England next Saturday. The party includes Lieut. T. D. Burke, King's Prize Winner in 1924 and the King's Medal at Ottawa last year; Major F. Richardson, Victoria; Major R. M. Blair, Vancouver; Sergeant-Major E. J. Read, Victoria; Sergeant D. Fyvie, Victoria; Private J. H. Regan, Victoria; Corporal W. Burton, Victoria; and Master Gunner H. Collings, Victoria.

The team will play a match on Saturday at Bisley Hill Park last night. The C.P.R. intermediate ball players held the Rosa Bay squad to a few hits and but two runs while deluging two Bay pitchers under a shower of hits, which, combined with plenty of errors, gave them seventeen runs. It was the second time the railroaders have kicked the Bays, taking the decision by one run on the first occasion.

The game between the Y.M.C.A. and the 112th Battalion was postponed.

The "Y" boys now have two extra games on their hands since the C.P.R. won a protest of the play-off game last Saturday.

**SONS' LACROSSE PRACTICE**  
A very important practice of the Sons of Canada intermediate lacrosse team will be held this evening at the High School grounds. The practice will start at 6.30 sharp and all players are asked to be present as this will be the last practice before the game on Saturday.

**WESTERN LEAGUE**  
Lincoln 2, Oklahoma City 13.  
Denver 3, St. Joseph 5.  
Omaha 8, Wichita 11.  
Des Moines 9, Tulsa 15.

## C.P.R. Commercial Hand Spencers First Reverse of Season

Four Runs in Ninth Settle Hash of Departmentals; Both Twirlers Work Well

Batting over four runs in the ninth inning to clinch the game, the C.P.R. commercials last night sent Spencer down to defeat for the first time this season. The score was 9 to 6.

The large crowd witnessed a fine display. The C.P.R. trailed their opponents until the fifth inning in which season they tied the score at three-all. In the seventh they took the lead, two runners crossing the plate as opposed to one for the departmentals. It was in the final session when they put the same ice with four runs. Spencer registered twice in that session.

**HIS FIRST DEFEAT**  
Donaldson, Spencer's twirler, suffered his first defeat in seventeen starts last night, and it was wobbly support that let him down. Ten batters whiffed before his curves while he allowed but seven hits.

Pollard, who went the route for the C.P.R., was also touched for seven bingles. He breezed three less than Donald but was excellently supported by his team-mates.

Only four batters got more than one safe hit. These were Rivers and Pollard for the C.P.R., and Stewart and Donaldson for Spencer, who got two apiece out of four trips to the rubber.

Following were the teams:  
C.P.R.—McKenzie, r.f.; Rivers, s.s.; Rose, c.f.; Belcher, 1b.; Devereaux, 3b.; Latham, 2b.; Crowe, 1f.; Hubbard, c.; Pollard, p.

Spencer's—Love, 2b.; Benson, 1b.; Rutledge, 2b.; Smith, s.s.; Quinn, c.; Graylin, r.f.; Stewart, c.f.; Donaldson, p.; Barrie, 1f.

## Arthur McKnight to Start Ponies on B.C. Tracks This Season

Vancouver, June 10.—Arthur McKnight, veteran race starter who officiated on B.C. tracks last season, will again pull the strings when the race meets open here at Lansdowne Park on July 1.

There will be meetings in July at Lansdowne, Brighouse and Hastings Parks.

## OUR MAIL BAG

**MORE COMMENTS**  
To the Sports Editor:—I do not think the L.P. have picked a team that will make a show against the touring Englishmen. I hope I am wrong but time will tell. Some people blame the win for the game played on Tuesday night. If they cannot control the ball with a little wind blowing against a team from the Wednesday league, how will they play under the same conditions, do it against the Englishmen. What is wanted are players with more experience of lacking and placing halves the Bridges; Campbell, Tuckwell; McKinnon, Preston Hay; Cummings; Mulcahy, Coulter, Peden and Clarkson.

**LOOKING OVER THE REP TEAM**  
To the Sports Editor:—May a spectator of Tuesday's game between the Rep. team and the Wednesday League be permitted to say a word or two?

It was quite apparent that many of the spectators were not very impressed with the work of Shanks on the half-back line. Shanks is a good, hustling youngster, but I fear too inexperienced for the work that he faces him on June 23. On the other hand, Bob Preston is, without doubt, the best centre half in the city, as his work on Tuesday night showed, and in my opinion should be played in that position, with Hay on his left and Smith at right half. Smith has not been showing to great advantage on the forward line this season, whereas his work at right half has been outstanding. Smith, Preston and Hay would make the finest line of lacking and placing halves the city could furnish. If Peden must be played he could probably make a fairly good stab at Smith's place at inside left.

Incidentally, it looked Tuesday night as if McKinnon and Speak were as good as any of the Rep. squad.

Wishing the boys the best of luck on June 23.

The Canucks ladies' lacrosse team will hold a practice on Friday evening at the High School at 6.30 o'clock sharp. All ladies are asked to bring their own sticks.

## Cheminus Ball Team Will Play Here Saturday

A real treat has been arranged for the amateur baseball fans on Saturday afternoon when Cheminus, one of the finest teams on the island, will be here for a combat with the Travelers. The game will be played at the Royal Athletic Park with the first ball being thrown at 3 o'clock.

Two weeks ago the Travelers went to Cheminus and were beaten by 5-4 in the eleventh inning after a very exciting game.

The Travelers hope to avenge this defeat on Saturday, but realize that they will have a tough job on their hands.

## It pays to use Dominion Royal Cord Balloons

Dominion Royal Cord  
Balloons are the only  
Balloon Tires made by  
the Latex-treated Web  
Cord process.

Latex-treated Web  
Cords are held together  
with a web of pure rubber  
without cross threads.  
The cords lie flat and  
even. There is no fric-  
tion or unequal strains.  
There is no internal heat  
caused by friction of  
cords. That is why Domi-  
nion Royal Cord Balloons  
wear so long, why  
they give such great mile-  
age. They are the best  
tires for the money that  
you can buy.

## \$3,000,000 VOTED HUDSON BAY LINE

Commons Approves of Ex-  
penditure on 322 Miles From  
The Pas to Kettle Rapids

Ottawa, June 10.—After discussion,  
for the second time, had occupied the  
major portion of a day's sitting, the  
House late last night passed a vote  
of \$3,000,000 for the Hudson Bay  
Railway. The vote went through  
without a division.

The purpose of the vote is to put  
into shape for operation the 322 miles  
of the road from The Pas to Kettle  
Rapids, on which steel has already  
been laid.

Speeches came mainly from Con-  
servatives, among whom there was  
a division of opinion over the road.  
The point was pressed, however, that  
before embarking on the Port Nelson  
Harbor scheme, it would be ad-  
visable to make practical tests of the  
Hudson Bay route as a grain-carry-  
ing route. Hon. R. J. Manion sug-  
gested that to this end a Canadian  
Government Marine vessel should  
make trips for three years from  
Halifax to Port Nelson and give a  
fair and honest report on the straits  
and the bay.

Hon. R. T. Bennett, Conservative,  
West Calgary, was emphasizing the  
suggestion when a Conservative in-  
terrupted that a vessel on its test  
trip might take the Cabinet along  
the board of strategy," quickly  
replied Hon. C. A. Dunning.

Immediately after the passing of  
the Hudson Bay vote the House with-  
out discussion passed two votes for  
the Welland Canal. One was \$14,000,  
000 for construction and the other  
\$145,250 for additional payment to  
the contractors.

The phenomenon observed in Flet-  
tner's new motor ship is the same as  
that seen when a pitcher curves a  
ball.

## HAD ECZEMA ALL OVER BODY

Mrs. Bruce Weaver, Cobocook, On-  
tario, is rejoicing over her complete  
recovery from a severe case of skin  
disease from which she suffered for  
10 years. Through sympathy for  
other sufferers she has issued a state-  
ment telling how, after four doctors  
and numerous medicines failed to  
help her, she finally tried the Ovel-  
mo combination treatment and  
found the blessed relief she sought.  
"I was sick in bed," she says, "tor-  
tured day and night with the eczema  
which had spread all over my body.  
Ovelmo brought about my complete  
recovery. I cannot praise it too  
highly."

Mrs. Weaver is but one of over  
35,000 former sufferers who have is-  
sued similar statements of results  
obtained from this remarkable treat-  
ment, which can now be obtained at  
any good drug store. It stops itch-  
ing and soothes burning and soreness  
at once and causes rapid healing of  
the lesions. The eruption fades and  
vanishes leaving the skin soft, clear  
and smooth. Ovelmo also improves  
digestion and purifies the blood and  
druggists sell the complete treatment  
with a guarantee of prompt results  
or money back. It is wonderful for  
eczema, itch, tetter, salt rheum and  
kindred skin diseases and is particu-  
larly recommended for severe, stub-  
born cases of long standing. (Adv.)

**SOREL AND HER HUSBAND**—Cecile Sorel, France's foremost  
comedienne, who remained unmarried until she was fifty-four,  
here is shown with her husband, Count Guillaume de Segur. This  
photograph is the first to reach America showing the couple to-  
gether. The count is about twenty years younger than Mme. Sorel  
and is of a famous family. Cecile Sorel was admired and sought  
by many of the leading men of Europe.

## New Scheme to Bolster Currencies

Paris, June 10.—The idea of a  
united financial front to protect the  
currencies of France, Belgium and  
Italy, which had its origin in Bel-  
gium, has met with much favor here.  
The Journal says Count Volpi, Italian  
Minister of Finance, recently was  
in correspondence with the French  
Government on the subject and pro-  
posed such a stand. He is to come to  
Paris shortly to discuss the best  
means of applying it.

## San Francisco Invites the Norge

San Francisco, June 10.—An in-  
vitation to Captain Rold Amundsen to  
bring his trans-Polar dirigible Norge  
to San Francisco on a tour of the  
United States has been issued by the  
San Francisco Chamber of Commerce.  
Whether the dirigible will be brought to  
Camp Lewis, Washington, for re-assembling for a  
transcontinental flight has not been  
decided.

**PRESIDENT PRO TEM**—M.  
Rataj, president of the Polish Se-  
jm (parliament), is officiating as  
head of the Warsaw Government  
set up by Marshal Pilsudski and  
will serve until a new president  
can be elected.

## Pile Sufferers

Can You Answer These Questions?  
Do you know why ointments do  
not give you quick and lasting re-  
lief?  
Why cutting and operations fail?  
Do you know the cause of piles is  
internal?  
That there is a stagnation of  
blood in the lower bowel?  
Do you know that there is a harm-  
less internal remedy discovered by  
Dr. Leonard and known as HEM-  
ROID, now sold by Vancouver Drug  
Co. and druggists everywhere, that  
is guaranteed?  
HEM-ROID banishes piles by re-  
moving the cause, by freeing blood  
circulation in the lower bowel. This  
simple home treatment has an  
almost unbelievable record for sure,  
safe and lasting relief to thousands  
of pile sufferers, and saves the  
needless pain and expense of an  
operation. Don't delay. Try HEM-  
ROID to-day. It will do the same  
for you.

## Two Weeks' Delay In Mayor's Case

Winnipeg, June 10.—Before a  
crowded courtroom, Magistrate Sir  
Hugh John Macdonald yesterday per-  
mitted a remand until June 22 of the  
case against Mayor R. H. Webb of  
Winnipeg. The mayor did not ap-  
pear in court. Counsel were not pre-  
pared to commence the hearing yes-  
terday.  
Two charges have been laid against  
the mayor by John Clancy and  
James H. Dunn, organizers for the  
One Big Union, alleging intimidat-  
ion and "that he did counsel divers  
persons to commit an assault on the  
informant."

## CAPT. D. ZINCK DIED AT HOME IN NOVA SCOTIA

Lunenburg, N.S., June 10.—Captain  
Daniel Zinck, seventy-two, local cus-  
toms and excise enforcement officer,  
who figured in the Ottawa customs  
inquiry, died at his home here yes-  
terday after an illness of three days.  
Captain Zinck was one of Nova  
Scotia's oldest sea captains.

**EXPOSURE?**  
She—I can't see the stage very  
well at this distance.  
He—Use your opera glasses.

tors who helped escaping slaves.

## NEW ISSUE \$750,000.00 NEW ISSUE PACIFIC (COYLE) NAVIGATION COMPANY LIMITED

7% Cumulative First Preference Shares Redeemable by  
Operation of Sinking Fund. Par Value \$100 Per Share

Dividends payable in Canadian funds at any branch in Canada of the company's  
bank.

Preferred as to assets and dividends over all other classes of stock of the com-  
pany. No bonds authorized or outstanding.

Dividends payable quarterly, March, 1, June 1, September 1 and December 1.  
Redeemable in whole or in part at \$110, and accrued dividends at the option of  
the company.

Transfer Agents—Royal Trust Co., Vancouver, B.C.

## The Company

**THE PACIFIC (COYLE) NAVIGATION COMPANY  
LIMITED** has been incorporated under Dominion  
charter to acquire as going concerns:

- 1—Coyle Towing Company Limited
- 2—Hecate Straits Towing Company Limited
- 3—Pacific Tug and Barge Company Limited
- 4—Independent Owned Tugs
- 5—The Common Stock of the British Pacific Barge Company Limited

These companies are among the most successful and oldest established tug-boat  
concerns in British Columbia, with a record of profitable operation extending, in  
some cases, over twenty years.

Recognizing the saving to be made in overhead  
and operating expenses by consolidation,  
thereby adding considerably to the net profits,  
the aforementioned companies have been  
brought together under the name of

## Pacific (Coyle) Navigation Company Limited

### THE SECURITY

The assets of the company  
appraised and certified to  
by Captain William H.  
Logan, marine surveyor,  
special officer and surveyor of the Salvage  
Association, of London, are estimated at  
\$2,743,000 at a "fair" conservative valuation  
on a replacement basis. This would represent  
over \$300 against every \$100 share of Cumu-  
lative First Preference Shares outstanding.  
While the above is the usual method of pre-  
senting the assets of a going concern, we prefer  
in this instance to submit these assets at the  
full depreciated certified value, i.e., \$1,570,442,  
representing over \$200 for every \$100 of Cumu-  
lative First Preference shares outstanding.

### THE GOODWILL

No consideration is made for  
goodwill, franchises, char-  
ters, contracts, etc.

### SINKING FUND

The charter provides for an  
annual sinking fund of 1% for  
the first five years and 2%  
thereafter, to be used to redeem  
these shares at the price of \$110, if not pur-  
chaseable in the open market at a lower price  
than \$110.

### THE MANAGEMENT

The management will  
be in the hands of a  
strong board of di-  
rectors, amongst whom are  
those who, during a period extending over  
twenty years, have successfully conducted this  
business.

Those primarily responsible for the success  
of the individual concerns are remaining as

If as, and when issued, and accepted by us, and subject to approving legal opinion, we offer and recommend  
the 7% First Preference Shares of the—

# Wall Street TO-DAY

## Last Minute News on Stocks and Financial Affairs

New York, June 10 (By R. P. Clark & Co.)—Mixed movements were featured in to-day's market. Mack Trucks and Hudson Motors were in supply in the early dealings and the action of these issues influenced selling for the decline in various sections.

New York Central soon began to recover an improved buying power and under the leadership of this issue many important issues touched new high levels for the move. Featured in the afternoon dealings under the leadership of General Motors, many specialties and various groups were propelled higher and the final quotations generally higher.

Factors entering the situation today were continued in a favorable light. Car loadings showed record figures as contrasted with comparisons for this time of year. The steel tonnage decrease was smaller than the low forecasts indicated, while reports on the demand for structural steel pointed to the probability of an advance in structural steel prices in the near future.

Nevertheless to-day's market, while reflecting the accumulation has begun in certain issues, the buying power as a whole is of a discriminating character. The influences behind the carriers appear to be so consistently favorable of late that it seems rather likely that this group may at any time now be taken in hand for a more definite upward trend.

New York, June 10 (By R. C. Bond Corporation's direct Wall Street wire).—The Wall Street Journal's stock market edition this afternoon says: To-day's market noteworthy for the decided strength displayed by stocks with the high banking sponsorship. Active demand for General Motors, U.S. Steel, American Can and N.Y. Central was interpreted as indicating the attitude of the Morgan and First National interests regarding the immediate future of the market, and prevented bearishness in professional quarters from making any inroads on prices in the general list.

## CHICAGO GRAIN

Chicago, June 10 (By R. P. Clark & Co.)—Wheat prices were steady in areas of Nebraska, Kansas and the Dakotas offset the bullish construction placed on the Government report and led to an irregular market. Last prices were not far from the bottom. Buying power was less aggressive and the heavy profit taking that has been underway the last two days on all flurries began to make itself felt. Late selling was based largely on reports from Kansas City that premiums were off 2 to 4 cents with buyers holding aloof.

The foreign demand for wheat continued moderate total sales being \$20,000 bushels. Spot wheat in the U.K. sold at unchanged levels. The Government report of 541,000,000 bushels winter wheat together with the privately estimated Spring crop of 220,000,000 bushels makes this prospective total crop of winter and Spring wheat in the U.S. this year around 761,000,000 bushels. Stocks of wheat at Minneapolis for five days this week decreased 300,000 bushels. Weather conditions will bear close watching for present, but believe that the market is entitled to support on the setbacks.

Chicago, June 10 (By B. C. Bond Corporation's direct pit wire).—Wheat prices averaged lower, the effect of the Government report being more than offset by scattered showers in parts of the Dakotas and in Nebraska and a break of 4 cents in premiums in Kansas City on old crop wheat. Local sentiment became generally bearish and prices dropped over 20 cents yesterday's closing. Buying against bids and by commission houses checked the decline. Private reports covering the dry sections of Kansas and Nebraska were regarded as bullish. Local spot wheat basis firm. Liverpool 1/4 higher to 1/2 lower. Export demand at the seaboard slow, with sales of 200,000 bushels in all positions. Corn and oats averaged lower with wheat and on the reports of showers west of the Mississippi river. Local sentiment somewhat less bullish, with the spot markets about unchanged as compared with the July. There was 150,000 bushels corn and 30,000 bushels of oats sold to go to store.

## WATER BILL PASSED

Ottawa, June 10.—The Government's bill to bring Federal legislation into line with recent Provincial legislation regarding water rights in the railway belt of British Columbia was passed through the final stages by the House last night.

Seattle, June 10.—Rainier National Park Inn at Longmire Springs, which was destroyed by fire yesterday, will be rebuilt immediately on a large and more modern scale without interruption to this year's tourist season, according to H. A. Rhodes, president of the Rainier National Park Company.

## SCHOOL BOARD TO CONDITION SCHOOLS

Programme of Repairs and  
Painting to be Undertaken in  
Summer Months

New Technical School Building  
May Prove Necessity  
Next Year

An extensive programme of repairs to buildings, painting, and grounds improvement at the city schools will be undertaken at the order of the School Board during the Summer holidays.

Tabling a list of needed repairs last night Trustees H. O. Litchfield pointed to thirteen places at nine city schools where attention was needed in the immediate future. The board authorized the work in all cases a few isolated instances, and will call for tenders for the larger contracts.

Repairs to the technical school quarters at the Boys' Central, requested by the building and grounds committee at a cost estimated in the neighborhood of \$300 were opposed by Trustees J. L. Beckwith and W. M. Walker, and were tabled for future consideration after Trustee W. C. Moreby had sided with the finance committee in the issue.

For the second time this year Trustee J. L. Beckwith hinted at the necessity for a new technical school buildings in the near future. It might be found necessary to make the changes next year, he intimated, opposing any form of extensive repairs to the present structure. Machinery worth \$15,000 was housed in the present building and required adequate protection, countered Trustee Litchfield.

The report of the finance committee showed total expenditures authorized by the board up to date at \$231,029, as compared with \$233,302 for the same period last year. The total estimates of the board, after reduction of receipts, are \$485,308 for the twelve month period. The amount required for teachers and instructors' salaries is the largest single requirement in the board's estimates, standing at \$39,318 as at the last pay day.

On a recommendation of the finance committee the board voted the equivalent of one yearly increment to the senior nurse at the schools.

## SCHOOL CHILDREN CREATE TRAFFIC PROBLEM FOR BOARD

City Council Will be Asked to  
Display Warning Signs at  
All Schools

Near-accidents and frequent scares to school children on the way to and from school led the City School Board last night into a general request to the City Council to help in lessening the danger.

It was suggested that warning signs be displayed prominently on all thoroughfares passing a school, or replaced where they have once stood and have become unreadable. One place in particular was mentioned, the lane leading from the side of the North Ward School. Boys cycling down this lane and emerging into the traffic are in constant danger of being run down, it was stated.

It has been found difficult to exercise full control over the students once they leave the school premises, and parental action has not been brisk enough to put a stop to the taking of risks on the part of the students. The co-operation of motorists and all who make use of the thoroughfares near schools will be sought to make more effective the safety-first campaign.

### PEACE-TIME ARMY

Sergeant—So you want to enlist. For how long?  
Recruit—Duration.  
Sergeant—But there's no war.  
Recruit—I know. I meant duration of peace.—London Tit-Bits.

The marines were the first federal armed force created in the United States.

## PAINS ALL OVER BODY

Two More Cases of Feminine Illness  
Relieved by Lydia E. Pinkham's  
Vegetable Compound

Barrington, N. S.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every night and nothing would do me good. My husband and my father did my work for me as I have two children and I have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well. —Mrs. VICTORIA RICHARDSON, Barrington, Nova Scotia.

### Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash, I am feeling better than I have for the past seven years, and advise my friends to take it." —Mrs. F. JOHNSON, 49 Moore Street, St. Thomas, Ont. C.

## STUDENTS' FRIZES PROVE ATTRACTIVE

Victoria High School Gives  
Living Statuary Display Be-  
fore Large Audience

The exhibition of classical frizes given last night by students of the Victoria High School, in their own auditorium, under the direction of W. G. Brandeth, physical instructor of the school, proved an entertainment of merit and distinction. The hall was crowded with interested spectators and never before in the history of the school has such a fine exhibition of living statuary been witnessed, in the opinion of critics.

The entire programme was carried out without delay and each number was so good as to leave no room for distinction. The second pose, "Mercury," depicted by H. Maddaford, was particularly well represented and gained much applause. L. Bassett, as "Peter Pan," was a charming little figure in his diminutive brown smock and his pipe at his lip, surrounded by woodland creatures. The tableau, "Rage," was very effective. The splendid figure of a man, with the body of a living child held high above his head ready to hurl, and the prostrate and beseeching mother, as well as the two figures who tried to stay his deed, composed this piece.

Other group features which are particularly worthy of mention were "The Flight from Pompey," "Adrift," and "The Awakening." The Wrestlers," M. Walker and W. Cotton, were realistic in their number, and their poses well sustained in strength, with a fine athletic figure at the base and two companions perched upon his set shoulders, depicted by M. Walker, H. Maddaford and L. Bassett, was outstanding.

The young lady participants were all very graceful, and their first number, "The Dancers," was exceedingly charming, as in fact, were all the rest.

Morris Walker opened the programme, appearing as a Roman soldier, clad in a corselet of steel, gliding helmet and carrying a ponderous shield. He explained that the exhibition was not a gymnastic display but was intended to demonstrate that physical fitness was not attained by muscular development any more than by co-ordinated muscular control.

### BEDTIME STORY

**Uncle Wiggily and the  
Shaking Tree**

Copyright, 1926, by McClure News-  
paper Syndicate

By HOWARD R. GARIS

"What are you going to do—jump rope?" asked the Fuzzy Fox of the Bob Cat one day, for the bad chap with the silly little tail was doing something with a long piece of grape vine in front of his den. In the woods strands of wild grape vines are just the same as ropes.

"Are you going skipping to make yourself hungry?" went on the Fox. "I don't need to skip rope to get an appetite," snarled the Bob Cat. "But, as a matter of fact, I'm not making a jumping rope at all."

"What is it then?" asked the Fox. "It's a trap to catch Uncle Wiggily," was the answer. "I'm so hungry that I must have some ear nibbles, and that rabbit has the largest ears of anyone I know."

"I would like some nibbles myself," barked the Fox, for he was quite like a dog. "But how can you catch Uncle Wiggily with a grape vine rope?"

"If you will help me, I will let you have some nibbles off his ears when I catch him," promised the Bob Cat. "Will you?"

"To be sure I will!" snapped the Fuzzy Fox. "Tell me what to do." The Bob Cat had made a cowboy loop, or also, in the grape vine rope. Trailing this after him, the short-tailed bad chap slunk through the woods, followed by the Fox. Soon they reached a field of clover on the edge of the forest.

"Uncle Wiggily comes every day to nibble clover here," said the Bob Cat. "I will hide my grape-vine rope trap in the green clover."

"And when then?" asked the Fox. "Then," answered the Bob Cat, "the rabbit, not seeing the grape vine, will stop in the loop. You and I will be hiding over in the bushes, and we'll keep hold of a long end of the vine. As soon as we see Mr. Longears in the lasso trap, we'll pull and have him fast."

"Good!" barked the Fox, though, of course, it was rather bad for Uncle Wiggily. But the rabbit gentleman, knowing nothing about the trap, hopped to the clover patch and began nibbling it. All of a sudden the hidden bad chaps pulled their end of the vine and poor Uncle Wiggily was caught.

"Ha! We have you now!" snarled the Bob Cat, rushing out.

"And we're going to nibble you!" barked the Fox.

"Yes, I guess I'm caught all right!" sadly sighed the rabbit gentleman. Then, as the two bad chaps dragged him into the woods, Uncle Wiggily looked up at the tree under which the Fox and Wolf sat down on a log, holding him between them.

"Ah, with that tree I think I can play a trick on these bad chaps!" thought Uncle Wiggily. Looking up at the leaves, the rabbit gentleman

## HAVE YOU PAIN AFTER EATING?

"FRUIT-A-TIVES" CORRECTS  
STOMACH TROUBLE  
QUICKLY

"After a long and weary illness, caused by bad Digestion, and after having tried all kinds of remedies, I decided to take 'Fruit-a-tives,' and after three weeks' treatment, I felt great relief. To-day, I am in perfect health and am proud to say that the result is attributable to 'Fruit-a-tives,' which I recommend very sincerely. MME. BRISSON, 27 Rivet Street, Montreal."

If you have poor Digestion or Pain after eating, try 'Fruit-a-tives,' the wonderful fruit medicine. 'Fruit-a-tives' is nature's own remedy — the intensified juices of apples, oranges, lemons, and prunes, combined with tonics. It will give you welcome and quick relief. 25c and 50c a box—at all dealers. (Adv.)

pointed at them. The Fox and Wolf were quarrelling to see who had the first nibbles from it.

"Look out! Look out!" cried the rabbit. "Something dreadful is going to happen!"

"How do you know?" snarled the Bob Cat.

"See this shaking tree!" went on Mr. Longears. "See how the leaves tremble. They are shaking in fear. Some one very dreadful must be coming. Perhaps a hunter man with a gun! See the shaking tree!"

"The wind blows the leaves and makes them shake," said the Fox. "There is no wind!" said Uncle Wiggily, and surely enough, there was no breeze blowing, but the tree shook and shook and shook.

"If I guess he's right!" snarled the Bob Cat. "That tree is afraid of something. It can see farther off than he can. Maybe a hunter is coming this way. I'm going to run. I don't like shaking trees!"

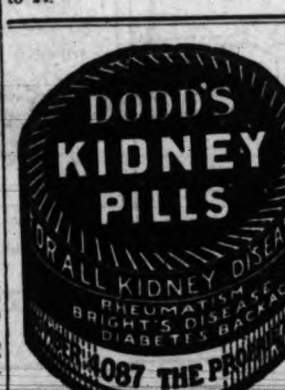

Then the Bob Cat ran away and so did the Fox, frightened because they thought the tree was afraid when they saw its trembling leaves. And Uncle Wiggily, who wasn't nibbled even a teeny, weeny bit, laughed.

"Ha! Ha!" he said as he hopped home. "That tree is an aspen and aspen leaves always tremble and shake, even when there is no wind. I fooled the bad chaps. The tree wasn't afraid at all. It always shakes!"

Thus we see it is a good thing to know about the trees, and if the lead pencil doesn't give the sheet of paper a black mark for not letting the rubber splash water on it, I'll tell you next about Uncle Wiggily and the Bob Bird.

### POLICE TO MEET

Seattle, June 10.—Luke S. May, president of the Northwest Association of Sheriffs and Police, states leading Canadian officials have accepted invitations to attend the fifth annual international conference on crime in Spokane, Wash., June 21 to 24.
